Clear and sonorous
With easy force it opens all the cells
Where memory slept.

WHAT IS THE ETHOS OF

A UNIVERSITY?

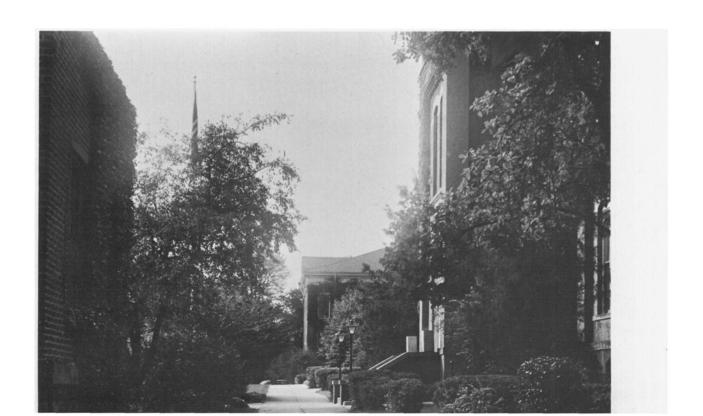

What has distinguished these past four years from all the other years of our life—or in keeping with this occasion, what distinguishes college life as portrayed in the 1960 Northern from that in the 1910 Comet? There is no formal, precise definition that will communicate the richness of these years or of this experience. We must review these years with some insight into the past and all its complexity to arrive at an answer.

As Freshmen we walked **up** the main walk and before us was Lehr Memorial, the nucleus of the University, rich in an autumn morning.

Campus and Buildings, Ohio Normal University

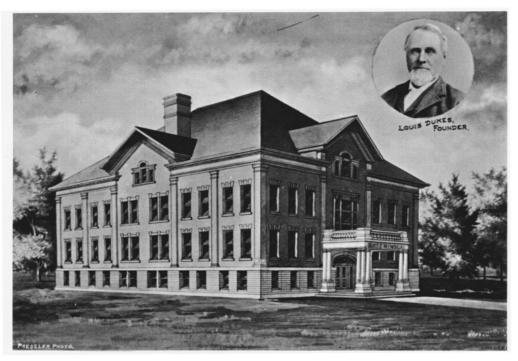

During these years places have been important. In them we have found the moments and idea of the past recorded in volumes, some musty and forgotten, others dogearred from frequent circulation. In the laboratories and class rooms housed in these buildings we have experimented and studied.

WE MUST

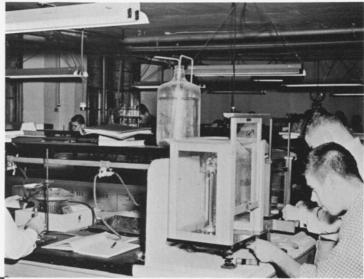

Dukes Memorial, 1910

CONSIDER PLACES

AND OUR OWN LIVES THROUGH THESE

For four years of his life, a student's home is Ohio Northern, and his life is the heartbeat of the University. Here he learns. He learns from books, and more than books. He learns about winning and losing. . . on tests, in intramurals, in a fraternity, in friendships. There are classes and parties and ball games and concerts and bull sessions and letters and people met everywhere that enrich the experiences of his college life. Sometimes the meaning of these things is not clear. Yet, however confused a student may be when he leaves Ohio Northern, his confusion will soon fade into a more mature understanding of his world.

YEARS

BUT HAVE THINGS

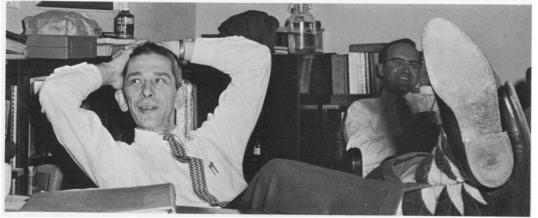

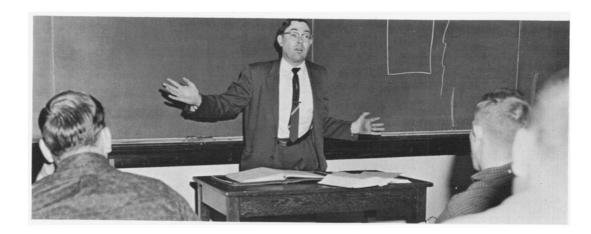

ACTUALLY CHANGED . . .

How do we determine an "actual change?" Used in its most common sense, to change would mean to make a material difference so that a thing is distinctly other than it was at one time. In this sense things have changed a great deal. One has only to note the rise in tuition, sports slump, complaints of all types, and most obviously, the new buildings for proof. But in this analysis we are concerned with something a bit more abstract. With the construction of our new buildings, it is hard to walk through a muddy, rutted campus. You stumble over boards and planks, circumnavigate puddles and holes and life gets generally difficult. And yet . . . dreams are realized by front end loaders, visions fulfilled by wheelbarrows, and a new Northern emerges from the chaos. Material change has not changed the basic Northern student. Is he not still striving for the best education possible, whether it be from the College of Pharmacy, Engineering, Law or Liberal Arts? Can his spirit and enthusiasm be outdated? Have things actually changed?

CONTENTS

FOREWORD

It is difficult to put onto paper something that orators find impossible to express in words, but that is the object of this yearbook. In the pages of this book you will see pictures of men, of buildings, of activities, of a limitless number of things that are a part of the life of a student.

This being the 50th edition of the yearbook the 1960 *Northern* has attempted to present college life with some insight into what it was like in 1910 when the *Comet* first made its debut. That is the theme of this edition as depicted through the introductory section. The division pages recapture glimpses of the past in portraying events of the "good old days." Organization founding dates are noted in the context, and the concluding "In Retrospect" pictures the staff as it certainly would not have appeared in 1910, except perhaps for the expressionless faces so popular during this era.

These pictures show a great many scenes but they, like all pictures, fail to tell the true story. If you know the buildings, the men seen in these pages—if you know Ohio Northern University—then you know the story far better than this book can ever hope to tell it.

ARMSTRONG A. STAMBAUGH

"The class of 1910 toasts the class of '60 in happy salute.

I know that I speak for all of those now living, who 50 years ago shared the same hopes and ideals which you hold today, and which we still hold, in spite of the fact that in the meantime the world has been turned upside down.

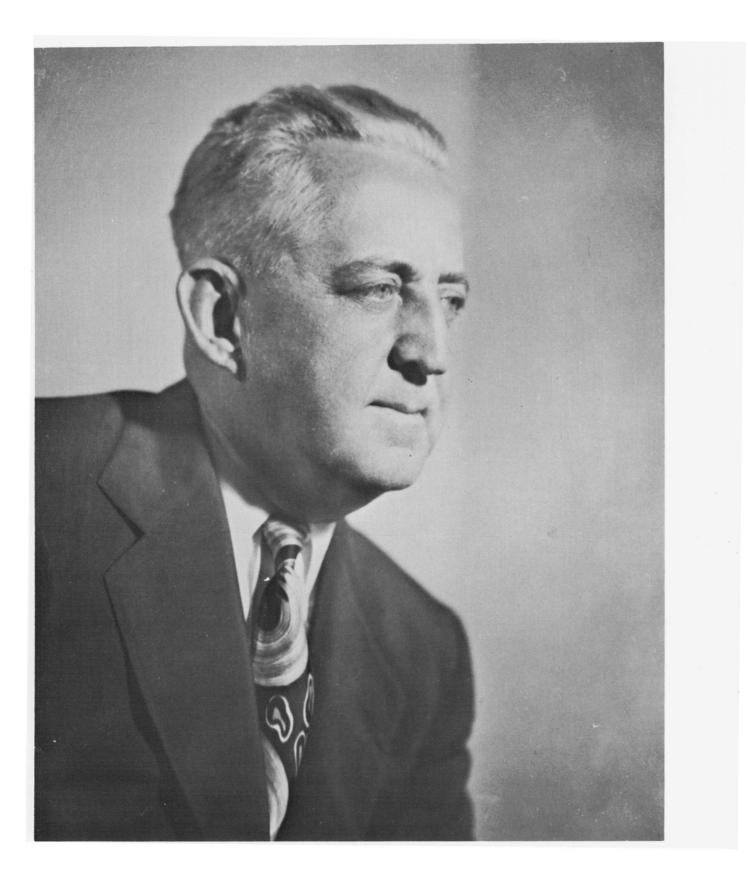

1910 was also the year when our class address was delivered by the President of the United States. William Howard Taft was a truly great man, though some of us then Democrats had some temporary misgivings.

I distinctly recall the commencement ceremonies on the campus with the platform backed up to Main Street. Here the President greeted us individually and passed out our diplomas, with his aide de camp, Archie Butts at his side. The whole affair became even more memorable when only a couple of years later the glamorous Archie Butts went down on the ill fated Titanic.

Except for an article or two the credit for getting out the *Comet* should go mainly to the assistant editor, the popular president of the class of 1910, Walter Davidson. **As** I recall M. L. Snyder, Barton's father was our guide and mentor, another great man. Those were the days when the world was good and men believed in each other. Life was intimate and people loomed large on each other's horizons. Our literary societies, still the hub of our social life, were just about supplanted by less purposeful though perhaps more glamorous forms of association. 'Do-it-yourself' was still the order of the day.

The past 50 years have been years of challenge for all and tragedy for many. The next promise little relief. Perhaps the serenity of the early years was an illusion, but if so it was a happy one. Maybe your mission in this world is to make the illusion a reality. If so, 1910 passes along the scroll to you with its fondest hopes. Au revoir."

A popular president, Dr. F. Bringle McIntosh, leads Ohio Northern University into what is expected to be the school's greatest era. If he succeeds, as expected, it will see an institution of higher learning numbering not more than two thousand students and not fewer than one thousand five hundred. This is attributed to the fact that Dr. McIntosh wisely places emphasis on 'increasing quality' and not size.

A life-long interest in education has brought our president to his present post. Just prior to taking over the reins in 1949, Dr. McIntosh was the superintendent of the Methodist Churches of Toledo. Previous to this time he was an educator in Indiana and Nashville, Tennessee.

President McIntosh was elected president of ONU in 1949 after an illustrious church background which included degrees from DePauw University, Boston University and Rio Grande College. Until his election to the presidency of ONU, Dr. McIntosh was a trustee at Ohio Wesleyan University. In commemerating his ten years of able administration and success at Ohio Northern University, Dr. McIntosh was deservingly presented with a citation in hopes of giving some tangible evidence of the university's appreciation for his endeavors.

Truly down to earth, Dr. McIntosh maintains a unique humbleness in performing his duties as chief executive of the university. He takes a genuine interest in every one of Ohio Northern's students and is never too busy or preoccupied to pause and give a cheery greeting to students as he hurries down a campus walk, as any student can verify.

He is a sought-after speaker for college and high school commencements, and is a member of the ATO fraternity, Kiwanis Club and Masonic Lodge. These are in addition to his numerous church and education affiliations.

With a background that does not recognize failure, admirable personal qualifications, and continuous perseverance; all signs point to success for President McIntosh and Ohio Northern University for the ensuing decade.

OUR PRESIDENT

Vice-president Eakin, left, Mrs. McIntosh, and President McIntosh view the citation just presented to the president in recognition of outstanding achievement at Ohio Northern since his inauguration ten year ago.

Dr. David A. Lockmiller, left, is shown conferring the degree of Doctor of Laws upon Dr. F. Bringle McIntosh during the inauguration of Dr. Lockmiller as the tenth president of Ohio Wesleyan.

RALPH L. McFARLAND Director of Admissions

KENNETH F. MARTIN Treasurer and Business Manager

In the Administration Building, an array of black and white "shingles" mark the hideaways of the Ohio Northern policy makers and administrators. Administrative Vice-president Dr. Eugene Eakin successfully combines both academic duties and administrative responsibilities, as well as heading the committee for the selection of "Who's Who in American Colleges and Universities." As Registrar, James A. Woofter is responsible for maintaining all permanent records of academic matters; has 'legitimate headaches' with directing the program of registration. New to our campus this year is Dr. Bob Huddleston who efficiently contends with the many facets of Church and Public Relations. "So you want to attend ONU," well then Ralph Mc-

Farland is the man to see as Director of Admissions. Need money? Well that we can't guarantee, but if a well planned budget will do Kenneth F. Martin's the man for the job. Alumni Secretary, George Schertzer had a heavier burden this year for the 50th edition of the yearbook. He also edits all alumni publications; successfully maintains the Alumni Loyalty Fund program. Serving as Director of the Evening Division is William Humphrey who is responsible for our well-rounded evening program. Got an ache? Then straight to the second floor of Brown is the place to go, where Jane Hilty, Registered Nurse, will put you in "top condition."

DEANS

As Dean of Students, Grover Wickenden handles all details of student personnel, in addition to serving as counselor to men students and as advisor to various student organizations.

Elma Grant Davis, in her capacity of Assistant Dean of Students, directs the activities of all women's organizations, plans the University social calendar, and serves as counselor for women students.

Regular meetings with the freshman men students regarding any personal or college problems is the concern of Dr. Otis Games. His office just recently moved to the second floor of Lehr frequented by freshmen *and* upperclassmen alike.

What? Another fraternity formal? This inevitably means that head residents for women, Mrs. Smith, Mrs. Howell, and Mrs. Glesencamp will once again be burning the 'mid-night' oil until all of their 'girls' are safely in and accounted for. Acting as dormitory coordinators, administrators, hostesses and in numerous other capacities, the life of a head resident is well occupied, 'rather hectic,' and many times very rewarding.

"Holding down the fort" at the men's dormitories are head residents, Mrs. Manehart, and "Mom" McGinnis, at Lima Hall, and Terrace Annex respectively. Mrs. Manehart has a staff of capable student counselors to facilitate the freshman dormitory program. Mrs. Glesencamp, head resident for the freshman girls, also has the assistance of three counselors for this purpose. In addition to being head resident for five freshman men, "Mom" McGinnis also supervises all student center activities. Aside from coping with numerous administrative problems, without a doubt her most time consuming duty is "forever handing out ping pong balls."

Mrs. Hazel Glesencamp, Head Resident, Clark Hall.

CAFETERIA

A milestone in Ohio Northern's program of expansion, the newly completed cafeteria marks the finished portion of what will soon be a spacious student union. Serving all ONU co-eds as well as all freshman men keeps the cafeteria staff and co-ordinators well occupied from 7:00 A.M. to 6:30 P.M. daily. In addition to this, many faculty and administrative officials enjoy the facilities of the cafeteria.

Housed in Presser Hall, honoring Theodore H. Presser, Heterick Library offers a conducive study atmosphere to all Ohio Northern students. Students have free access to the reference books, texts, digests, encyclopedias, periodicals, and other reading available for use. Formerly located in Brown Building, the university library was moved to Presser Hall in 1953, which also houses the Departments of Music and Speech and Theatre Arts.

COLLEGE OF LIBERAL ARTS

Providing a well-rounded, liberal education with stress on moral and spirtual values, the College of Liberal Arts endeavors to develop in the student poise and perspective with which to meet and evaluate life situations; to fit him for responsible citizenship; to give him a scholarly foundation for further study or professional training; and to afford him a rich and full personal life. The college offers a selection of twenty-two major fields to prepare the student for positions in sciences, government, teaching, and business as well as for graduate work and professional education. It is the oldest college on the campus and is an ever expanding one. Formerly a history professor at the Inter-America university of Puerto Rico, Champlain College and Hofstra, Dean Oscar G. Darlington is completing his fifth year at the helm of the Liberal Arts College. The Dean takes pride in the strong science program provided for students in pre-pharmacy and several hundred others specializing in premedicine and education. Well known by everyone, Dean Darlington freely offers personal guidance in helping to fit the student for responsible citizenship.

HAZEL M. YOUNKMAN, B.S.Ed. (Ohio Northern), A.M. (Ohio State), 1918 Assistant Professor of Art

Just one of the numerous art classes under the direction of Mrs. Younkman.

IN RECOGNITION OF ...

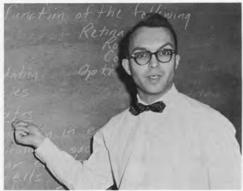

MRS. HAZEL YOUNKMAN, Professor of Art at Ohio Northern University since 1918. December 18, 1959 marked the end of the most important era in the life of this senior faculty member, as Mrs. Younkman turned in her grades for the last time evidencing her official retirement. A "professional student," as well as a one woman art department, Mrs. Younkman received her B.S. in Music in 1909, diploma in Art in 1917, B.S. in Secondary Education with a math major in 1920, and a few summers later turned an English minor into her fourth major. In 1935, she received her M.A. in Art from Ohio State. Having dedicated a lifetime to expanding the Department of Art, it was through the efforts of Mrs. Younkman that the 1960-61 Ohio Northern catalog will for the first time carry the requirements and course outline for Art majors. A rewarding climax, for a dream fostered so long ago.

BIOLOGY

The aims of this Department are to enable the student to understand better the living world of which he is a part, to prepare for the teaching field, to obtain a biological foundation for the study of medicine, dentistry, nursing, and other professional courses requiring a knowledge of biology, and to qualify for admission to graduate work. Students concentrating in Biology must complete a minimum of forty-five hours in this Department.

BUSINESS AND ECONOMICS

Basically endeavoring to develop in the student a basic understanding of the market economy, the Department additionally offers an opportunity to learn the fundamental techniques of business administration. All students should gain an understanding of basic economics, and those intending to enter business are advised to major in the Department. Students majoring in the Department are required to take a minimum of 45 quarter hours.

CHEMISTRY

DAVID F. WRIGHT Associate Professor of Chemistry Head, Department of Chemistry

The objective of this department is to give thorough instruction in the fundamental principles and techniques of the science of chemistry, and to give an introduction to and an appreciation of a natural science to liberal arts students in any field. The Department also strives to furnish adequate preparation for those students who wish to do graduate study in chemistry, or those who have need of chemistry in preparation for related professional fields.

EDUCATION

Due to the increased demand for teachers, Ohio Northern's educational department is stressing the importance of education. The students study both the principles and various methods of teaching, climaxed by a quarter of student teaching in which the student gains actual teaching experience.

ENGLISH, SPEECH AND THEATER

English, speech and the theater all fall under the same department, and together strive to develop the student's skill in writing and in oral communication, thus enabling him to better participate in community life. The department also endeavors to give the student a knowledge of literature so that he may read with critical ability and to provide the opportunity for experience in a variety of speech and theatre activities which may make a direct contribution to satisfactory living.

HISTORY AND POLITICAL SCIENCE

History and political science, an important part of all America's life, guide students in the growth of society, history of countries, problems of government and recent American history. Because world tensions are placing more emphasis on the past, present and future of other nations, a background in this field is essential for good citizenship.

INDUSTRIAL ARTS

Absent: Dr. Miser, Chairman; Associate Professor Opatowski, Assistant Professor Kavassy, and Mr. Sarkis.

MATHEMATICS

The Mathematics department offers courses primarily as part of the requirements for engineering students and for future graduates in mathematics and physics. In addition to math, physics students are required to take courses that stimulate scientific thought, and reason from fundamental experimental facts. The Department offers courses designed primarily as part of a liberal education and as requirements for students in mathematics, science, engineering, education, and pharmacy. In all courses the theory developed is followed by applications to exercises and practical problems.

- 'INDUSTRIALARTS-

RICHARD D. KAIN Assistant Professor of Industrial Arts; Head, Department of Industrial Arts

DAVID E. BOWLING Instructor in Industrial Arts

Students concentrating in Industrial Arts are required to complete a minimum of 68 quarter hours of courses in the areas of drawing, woodworking, metalworking, graphic arts and printing, electricity-electronics, ceramics, and automotives. Four years of study in these areas of general and professional education qualify the student for the Professional Special Certificate required for teacher certification.

MUSIC

Because training in music should be based upon a broad and thorough general education, the curricula have been so constructed as to secure a symmetrical balance between musical and academic subjects. Instruction is provided for those who desire to become teachers and supervisors of Music, and an opportunity is afforded to those who wish to devote themselves to the literature of music.

PHYSICS

Endeavoring to meet the needs of those students who are interested in physics for its cultural or its vocational value, emphasis is placed on clear concepts, accurate thinking, and the complementary nature of experiment and theory. The primary aim of the Department is to offer courses that will stimulate scientific thought.

ALEXANDER N. TSAMBASSIS, Assistant Professor of Philosophy and Religion; MARION E. TINSLER, Professor of Philosophy and Religion; Head, Department of Philosophy and Religion; IVAN C. HODGES, Assistant Professor of Philosophy and Religion.

PSYCHOLOGY

The purpose of this Department is to give its students an understanding of human relationships, institutions, and social processes, and to give them deeper insight into the requirements of intelligent citizenship and useful participation in community life.

PHILOSOPHY AND RELIGION

In the Department of Philosophy, a search is made for a comprehensive view of the universe and of man's place in it. The goal is the achievement of principles of sound reasoning in connection with the living issues of both personal and social life.

COLLEGE OF LAW

Now in its seventy-fourth year, the College of Law endeavors to inculcate into the student the principles of legal 'ethics and of the lawyer's public responsibility, so that the student, as a lawyer, may be worthy to take his place as a trusted leader and counselor in his community. Although the courses in the college are planned primarily to prepare students for the practice of law, such courses may also be pursued advantageously by anyone desiring to acquire a knowledge of the principles and history of law; either as a part of a liberal education, or as part of a foundation for a career in government or in business. Courses are offered in all subjects included in the Ohio Bar Examination, and various electives may be pursued in the course of study. Among the advantages offered by Ohio Northern's Law College are small classes, opportunity for frequent class participation, individual contact with instructors both in and out of the classroom, and a small community environment conducive to good study habits. Dean Eugene Hanson is head of the Law School where he has held "court" since 1947, when he joined the staff as an instructor.

JAMES MUNRO Associate Professor of Law

Through adequate preparation in liberal arts, a student can become qualified to enter law school, to the eventual end of entering one of the world's oldest and most respected professions. This principle has been continued through the ensuing years, and today the College of Law is a respected institution in this field.

In the Jay P. Taggart Memorial Library, future lawyers find up-to-date, modern, and well selected legal materials, including the leading encyclopedias of law, legal periodicals, a complete set of English reports, and reports of the United States Supreme Court as well as additional special reports and selected cases.

Studying in the law library, a sight not uncommon to any prospective lawyer.

COLLEGE OF ENGINEERING

Ohio Northern's College of Engineering dates from the graduation of its first class in 1882, when one man was graduated with the degree of Civil Engineer. From that date the growth was irregular with graduates fairly constant running above and below twenty but growing slightly until 1898 when an additional department, the Electrical Engineering Department, graduated its first "Electrical Engineer." In 1904, the present Department of Mechanical Engineering had its first graduate. During the seventy-five years of its existence, the college has had more than twenty-four hundred graduates. Always has the student been in small classes where individual attention was received. Today this policy is continued. The interests of the student are the first consideration of staff and faculty at Ohio Northern. Dean Archer of the Engineering College holds a unique distinction; that of being the youngest dean of an engineering college in the country when he took office at thirty-five in 1951. A graduate of ONU with two degrees—a B.S. in civil engineering and a B.S. in education, Dean Archer has reason to be proud of this ever expanding college.

JAMES L. KLINGENBERGER Professor of Electrical Engineering Head, Department of Electrical Engineering

Electrical Engineering is that segment of engineering whose core is built around the science of electricity and magnetism. The curriculum for this phase of engineering is arranged in **a** manner to offer a co-ordinated program of study whereby the student may obtain both a mental understanding and scientific working habits which will enable him to embark upon a successful professional career.

CIVIL

The aim of the Department of Civil Engineering is to give the student a well-rounded Engineering education and to instill within the student the idea of doing the best engineering job possible for his client for the least amount of money, always abiding by the Code of Ethics of the Professional Engineer.

FREDERICK K. SCHADLER Associate Professor of Civil Engineering

MECHANICAL ENGIERING

In all Civil and Military activities, the Mechanical Engineer is called upon to originate and apply new and useful equipment to human needs. The curriculum in Mechanical Engineering presents basic studies in machine design and the uses of energy that prepare the young engineer to enter a myriad of activities.

The policy of the department is to stress the fundamental theories and methods in the use of materials, energy, and power.

COLLEGE OF PHARMACY

Having its inception in 1885, Ohio Northern's College of Pharmacy has the distinction of being the second pharmacy school in Ohio. It takes pride in being a member of the American Association of Colleges of Pharmacy and maintaining an "A" rating as accredited by the American Council of Pharmaceutical Associations. Having previously offered a four year curriculum, commencing April 1, 1960, the college will require all students planning to receive the Bachelor of Science in Pharmacy degree to follow a five year program. Through advice and encouragement, pharmacy students are adequately prepared to meet satisfactorily the professional and cultural demands expected of pharmacists, and to carry their share of the responsibility of public health welfare, and education in their respective communities. Albert C. Smith, dean of the Pharmacy College is beginning his fifth year on the ONU campus. Before coming to ONU, Dean Smith was on the faculty of Purdue, University of Tennessee and Ferris Institute in Michigan. The dean has taught all except two of the courses in the college, and is proud to have completed 28 years of teaching last June.

The students are required to spend a great deal of time in chemistry and pharmacy labs learning about common diseases and their causes and treatment, the history of drugs, and of course the methods of making the thousand and one prescriptions that druggists get

every day. In addition to extensive training in classrooms and laboratories, each student is required to spend a required period of time working in drug store or hospital by which they gain their apprenticeship. The curriculum of the students is made flexible enough to allow preparation in specialized activities of the profession. All subjects are listed in a logical sequence so that the student will be better prepared for each ensuing

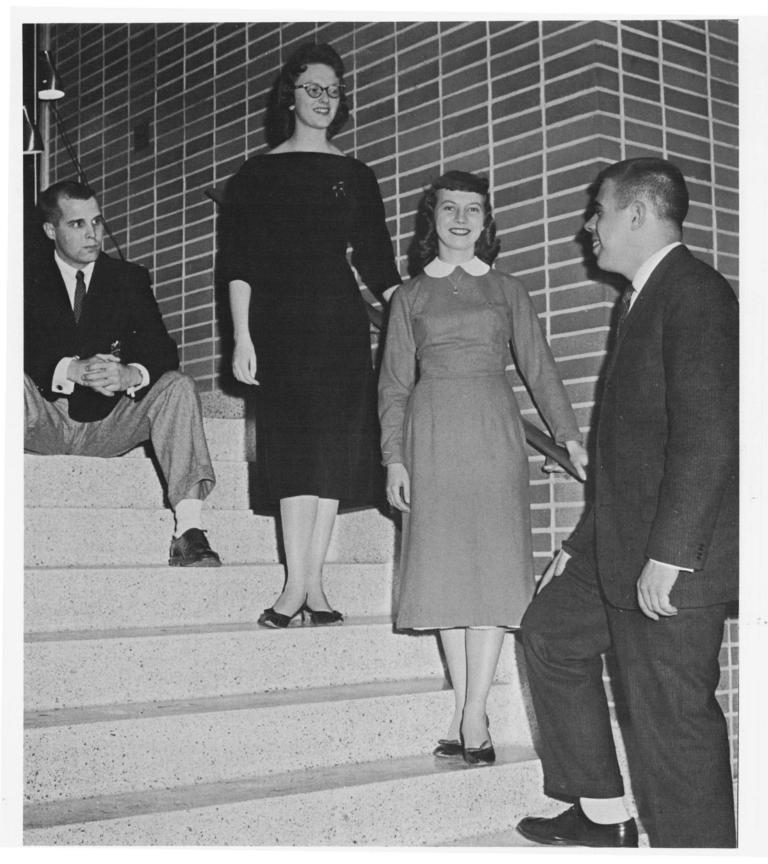

THE SENIORS . . .

Seniors . . . that magical sounding word which spells the end of an all important phase of life. Thousands of Ohio Northern students have borne that title since those first few passed it on to their successors in 1871.

A senior may be defined as a student who has skimmed off enough from the wonders of his textbooks and has digested enough of the philosophical mutterings of his professors to pass all of his courses. He is not especially distinguishable from other students except that he may occasionally wear a suit for a job interview. His hair is just as unkept, his white bucs as dirty and his punctuality to class as bad as that of the underclassmen. Yet there is something that makes him distinctive. You might call it his eye to the future . . . or it might be the dollar sign in his eye.

But whatever it is, seniors are a different sort of student. They have only one more stage to mount, that where they receive their sheepskin and become another breed of people . . . alumni.

From senior ranks have come the men and women who have established the reputation of Ohio Northern University. In activities, in sports, in leadership, and in scholarship the seniors of 1960 have left a challenge to their successors.

Yes, that's correct, you are required to take English composition C-1.

After being thoroughly welcomed, the new students are taken over by the orientation committee to be familiarized with the campus; this year featuring David LeCrone, Merl Stratton, Dick Oakley, Dean Grover Wickenden, and Barbara Barry. Tours, placement test, and interviews with faculty advisors are on the agenda. Also during orientation, Pan Hellenic, AWS, and a multitude of other campus organizations graciously receive newcomers with teas and informal gatherings.

ORIENTATION AND

REGISTRATION

Following orientation the students pack their gear for their first major encounter of "professor versus student," more widely known as registration. After "battling the line," the frosh are confronted with filling out numerous cards. These require details ranging from the date of your grandmother's birth, to whether or not your parents are broad-minded. Then students, time and again, figure perfect schedules only to have them changed by either deans or professors. Money is extracted from each student, and finally the battle-weary veterans are free, only to have to wait in another line and schedule themselves for an annual picture.

ALPHA EPSILON PI

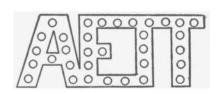

Alpha Epsilon Pi Fraternity was founded at New York University on November 7, 1913. The local chapter, Kappa, was chartered at Ohio Northern University in 1923. A.E.Pi is now the largest of eleven national Jewish social fraternities, with over 16,000 members and 66 active chapters.

Each year a social calendar is planned so as to insure the members of a well rounded chain of social events. This year's calendar includes the annual winter and spring formal, IFC Weekend, as well as numerous house dances and parties during the school year. Alumni are honored at Homecoming, and the parents of the brothers and pledges are honored with a banquet at our annual Parents' Day.

The members of the fraternity strive to be well represented in all campus activities and organizations as well as maintaining steady improvement on the previous year's scholastic average. Since most of the brothers and pledges are enrolled in the College of Pharmacy, we are well represented in A.PH.A. and Alpha Zeta Omega, but still remain active in numerous other organizations as well as participating in all of the intramural sports.

With the guidance of our senior members and the spirit of our pledges, we are looking forward to a year of fulfillment and satisfaction.

ALPHA SIGMA PHI

Alpha Sigma Phi Fraternity was founded at Yale University on December 6, 1845. At Ohio Northern the Alpha Sig's maintain the dual distinction of being both the oldest local group and the youngest chapter, its predecessor being founded here in 1903, and the Gamma Alpha chapter existing since January 17, 1942.

The tenth oldest social Greek letter society and one of the original members of the National I.F.C., the Alpha Sig's now claim 83 active chapters and 50,000 members.

Alpha Sigma Phi and its predecessors, Alpha Kappa Pi and Theta Nu Epsilon, claim such famous local alumni as **B.** F. Fairless, past president of U. **S.** Steel; President Taft; T. J. Smull, Dean Emeritus of Engineering at ONU; and Rudolph Raabe, Dean Emeritus of Pharmacy. Nationally famous alumni include Arthur Flemming and Vincent Price.

In campus activities, the Alpha Sig's have captured the All-Sports Trophy for five consecutive years, won the tug-of-war five years in a row, and pushmobile for the last four years. The Sig's won Greek Sing, maintained a majority in the Adelphian Society, and succeeded in electing brother Maurice Pfeifer as May Day King.

Socially, the Alpha Sig's are quite active with three traditional affairs: the 'Playboy Winter Formal,' the 'Sig Apache,' and the 'Spring Talisman Rose Formal' plus numerous other social activities.

DELTA SIGMA PHI

Delta Sigma Phi Fraternity was founded at the City College of New York in 1899. In 1920, members of the Engineers Triangle Club at Ohio Northern were initiated into Alpha Eta Chapter.

In February there were about 60 brothers and pledges in our chapter. Faculty members who are in our bond are: Chapter Supervisor, Charles Wehrer of the Department of Education; Dean Lawrence Archer of the College of Engineering, Doctor Karl Roider of the Department of Music, Doctor Robert Hilliard of the Department of History, Instructor Robert Gobin of the Department of Physical Education, and Instructor Gerald Messick of the Department of Physics.

As a social fraternity we have regular house dances as well as the annual spring and winter formals, the 'Sailors Ball,' and alumni banquets. We are also strong competitors in all campus sports and activities. Our fraternity takes an active part in campus events, and we have members in all important campus organizations. In addition to these activities, the Brothers maintain a good scholastic average.

Delta Sigma Phi proposes to give its members an intimate, beneficial fellowship with good men which is necessary for their full development, and a supplement to their cultural and professional education.

KAPPA PSI

Kappa Psi was founded May 30, 1879 at the Russell Military Academy in New Haven, Connecticut. It is the oldest pharmaceutical fraternity in existence. Kappa Psi has 50 chapters throughout the United States, and it is the largest pharmaceutical fraternity in the world.

Many Kappa Psi men have become leaders in their chosen field of Pharmacy. This is well illustrated by the fact that most of the deans of the colleges of pharmacy over the country are Kappa Psi. Here at Northern, Dean A. C. Smith and Dean Emeritus Raabe of the Pharmacy College are members of Kappa Psi, as is Dr. David S. Yoder, Instructor of Pharmaceutical Chemistry.

The Gamma Delta Chapter of Kappa Psi was founded at Ohio Northern in 1920. It is unique on this campus in that it is both a professional and a social fraternity and only men entering the pharmacy college can become brothers. The fraternity sponsors many social events throughout the year beginning with the Harvest Dance, followed by various house dances, and ending with the Spring Formal held at the scenic Beatley's-on-the-Lake at Russels Point.

Gamma Delta of Kappa Psi is also active in intramural sports and all other competitive events including Greek Sing and Greek Skit. Some of our brothers are quite active in Ohio Northern's varsity sports. As a group we participate in many campus activities and together we strive for our one main goal—that of success.

PHI KAPPA THETA

The new Catholic fraternity, Phi Kappa Theta, was formed September 8, 1958, by the merging of Phi Kappa and Theta Kappa Phi. Ohio Zeta chapter was established at Ohio Northern University April 29, 1959. The purpose of this fraternity is to provide an atmosphere of Catholic unity, to develop educational, social, and athletic standards, and to encourage an active participation of all the brothers. Phi Kappa Theta works hand in hand with the Newman Club striving to maintain the Catholic standard of morality for all its men.

The fraternity is well represented on the university teams in football, wrestling, baseball, tennis, and hockey. The Phi Kaps as contenders for the all-sports awards, captured the volleyball trophies for All-Campus and Interfraternity competition.

Socially speaking, the fraternity is quite active and sponsors house dances regularly such as the Turtle Dance and the Pledge Dance. The Spring Formal and Homecoming banquet and dance were very well attended and enjoyed by everyone.

Reverend Francis X. Schweitzer is the spiritual advisor for the chapter whose active membership now stands at forty-nine.

PHI MU DELTA

The Mu Beta chapter of Phi Mu Delta was founded on the campus of Ohio Northern University on March 15, 1926. The national fraternity was founded at the University of New Hampshire on March 1, 1918. The goals of the fraternity are to bring men into a close bond of brotherhood and to improve themselves morally, mentally, and spiritually.

The membership of Phi Mu Delta consists of 47 brothers and 34 pledges. Professor Ernest Abele, Professor Archie Hillary, and Professor Lewis *C*. Benton serve as the faculty advisors. Ex-Professor Rex Lowman of the Industrial Arts Department and George Schertzer, Alumni Secretary also serve as advisors.

In campus organizations the brotherhood has been very active. There are four brothers represented on the Student Council, five brothers on the Board of Governors, and five brothers are class officers. Some of the brothers are also in many of the professional organizations on campus, holding offices in several of them.

On the recreation side, Phi Mu Delta holds one dance per month which may adhere to various themes. The big dance of the year is the Spring Formal which is held off campus. Phi Mu Delta participates in all interfraternity sports. The baseball team won the fraternity and all campus trophy.

SIGMA PHI EPSILON

Sigma Phi Epsilon was founded at the University of Richmond on November 1, 1901. Nationally it is the third largest social fraternity chapterwise with 147 active chapters. Ohio Alpha has initiated over 870 members since its founding on this campus on February 18, 1905.

The Sig Ep's occupied what is now the Terrace Building before the present house at 821 South Gilbert was constructed by the brothers in 1915-1917. It was the first house built as a fraternity house in the state of Ohio. The Sig Ep chapter is the oldest continually active fraternity on this campus.

Ohio Alpha has a well rounded social calendar, the highlights being the winter and spring formals, the pledge dance, the 'Artists and Models Ball,' and numerous sweater dances. Banquets for alumni at Homecoming, seniors at graduation and buffet dinners for the freshman women and the three sororities are held each year at the chapter house. The Sig Ep's are always well represented in the intramural program as well as many student organizations and activities.

Faculty members and administration include, Dr. Wilfred Binkley, Dr. Mathias Schmitz, Professor Robert Bowden, Professor Robert MacNaughton, and Mr. Ralph McFarland.

SIGMA PI

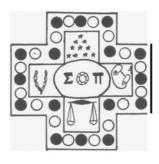

Sigma Pi is a national fraternity and was founded on this campus in 1909 as Phi Chi Psi. On June 1, 1912 Phi Chi Psi was installed as Zeta chapter of Sigma Pi Fraternity. As a national fraternity, Sigma Pi is governed by the National Interfraternity Conference which states as its goals: (1) to provide training and discipline of the educated individual who desires to make himself a useful member of society, (2) to share in all college responsibilities as an undergraduate, (3) to provide business training in the management of the chapter, (4) to promote diligent application to study by the fraternity member, (5) to advance moral and spiritual development of the individual, (6) to encourage the acquisition of knowledge and training in cultural fields, (7) to develop social graces, the art of good living, the development of courtesy and kindness, (8) to promote healthful practices by its members, (9) to assume civic responsibilities in the college community, and (10) to develop those qualities of human understanding which will lead toward a better civilization.

Sigma Pi strives to make these goals an integral part of every member's daily life with a special emphasis on scholarship and college participation. Many of the members of Zeta are found participating on almost any extracurricular college function of the campus.

Zeta of Sigma Pi is a proud and growing organization that is happy to be called an O.N.U. Fraternity. The Sigma Pi house is located at 807 **S.** Simon Street where many social events are held each year.

FRATERNITY SMOKERS

"Yes, you too can be a fraternity man," is the fraternity by-word during the month of November when all of these Greeks feature smokers with which to get acquainted with the Freshman men. Regulated by the inter-fraternity Council, these smokers are all held within one week with the intent of introducing the new men on campus to fraternity life and fraternity men. "Whether you need a little bit of work" or not, is in reality more of a joke than anything else, we think, but it can be said that you're certain to lead a more—shall we say—uninhibited life?

"A LITTLE MORE WORK, and... you'll be just like the rest of us."

The Zeta's entertain the prospective pledges "Japanese style," with their interpretation of "Teahouse of the Zeta Moon."

Under the supervision of the Pan-Hellenic Council, the sororities are required to follow a slightly different 'rush' pattern, since national sororities had their inception on campus. Beginning before Christmas, Pan-Hellenic Council sponsors a 'Sorority Open-House' at which all rushees are entertained. Shortly after Christmas each sorority sponsors a second and more selectiverush party, to be followed by the third and most elaborate party; and finally climaxed by pledging on the following Friday.

Alpha Xi Delta's "Moulin Rouge" denotes a decidedly French theme with which to entertain the rushees.

SORORITY RUSH

"A Garden of Roses" was the Delta Zeta's featured theme for their final rush party.

ALPHA XI DELTA

With the initiation of Gamma Tau chapter on May 16, 1959, Alpha Xi Delta became the first national fraternity for women to be established on the campus of Ohio Northern University. This climaxed a movement begun long before by the members of Tau Kappa Kappa, the oldest of the local sororities on campus.

From its birth, Alpha Xi Delta has been an active participant in campus activities. The first spring of its existence at ONU was filled with excitement—with the crowning of Sally Allen as May Day Queen; the winning of the 1959 Spring Scholarship trophy; and the presentation by Sigma Pi Fraternity of a trophy to Sally Allen proclaiming her the "Most Valuable Greek Woman on Campus."

Fall quarter resumed its whirl of activities with Homecoming activities and the initiation of Tau Kappa Kappa alumnae into the national sisterhood.

With winter quarter came rush parties, entitled "School Days" and "Moulin Rouge," respectively. Following the rush activities, concentration was turned first to Greek Skit and then to the highlight of the winter quarter, the sorority's annual winter formal, "Moonlight and Roses."

The newly installed Gamma Tau Chapter of Alpha Xi Delta, climax the 'big weekend' with a banquet in the Student Union for all guests, alumnae, and affiliates.

DELTA ZETA

Flowers, telegrams, and notes of congratulations came to the former sisters of Phi Chi on May 16, 1959, when they pledged Delta Zeta Sorority to become the 128th chapter, Zeta Kappa.

Twenty Phi Chi Alumnae were initiated into Delta Zeta the evening before Homecoming, October 16, and following the Homecoming football game, alumnae and actives enjoyed a dinner commemorating Delta Zeta's installation.

Living up to the established position of their sorority, the DZ's have for two consecutive years captured the Greek Skit trophy, as well as the intramural sports volleyball trophy in 1959.

In October the DZ's held a "Bonfire Bop," and Miss Betsy Charles was the Delta Zeta attendant to the Homecoming Queen. November brought many students to a dance held at the "Club Delta Z," and December activities were highlighted by a Christmas party held in the home of our advisor, Mrs. Katherine Roider, sponsored by the local alumnae.

After the Christmas holidays, the Delta Zeta's entertained freshmen rushees at their two last rush parties; "Sorority Swirl" and "A Garden of Roses."

ZETA TAU ALPHA

On October 9, 1959, the members of the local sorority Theta Phi Delta were initiated into the national sorority Zeta Tau Alpha as the Delta Theta Chapter.

After the excitement of the installation, the "Zeta's" succeeded in electing their candidate, Barbara Hellwarth Barry, as Homecoming Queen and were graced with additional success when Helen Copeland, Ann Jenkins, Lynda Fisher and Rebecca Pancake won the pushmobile race.

Entering into the excitement of the rush period, the Zeta's enthusiastically entertained the prospective pledges at three consecutive rush parties, climaxed by transforming the Student Center into the "Teahouse of the Zeta Moon." After rushing, the sorority welcomed their quota of nineteen pledges.

Added to the trophy case were the trophies for Greek Sing, 1959; Homecoming Queen, 1959; Pushmobile, 1959; May Day Float, 1959; Sigolympics, 1959; Second Place Volleyball, 1959; and the May Day attendants of 1959; who were Lynda Fisher, Junior attendant; Florence Pulca, Sophomore attendant; and Sally Eagle, Freshman attendant.

HOMECOMING

THE TRADITIONAL FLAG POLE RUSH

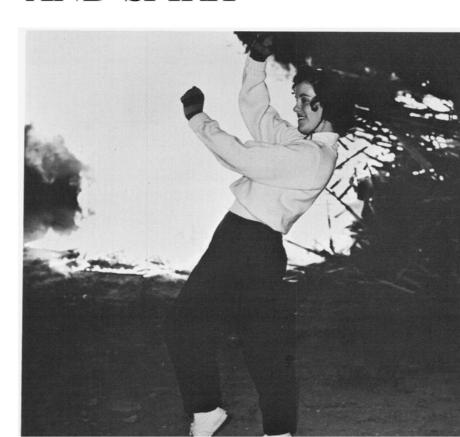

Approximately one thousand alumni returned for the forty-third annual Ohio Northern University Homecoming. Commencing Friday, with the traditional flag pole rush, the incoming freshmen skirmished against the sophomores to reach the top of the greased flag pole. This event determined whether the freshmen would continue wearing their orange and black beanies until Thanksgiving—and much to their regret, they lost.

Later Friday evening, the student body staged a parade around the campus. A huge bonfire and spirited pep rally on Taft field followed the parade and concluded the spirited proceedings.

On Saturday afternoon, the Northern Polar Bears tackled Wilmington at Memorial Field in the traditional Homecoming football game. Half-time ceremonies of the game were high-lighted with the presentation and coronation of Queen, Barbara Hellwarth Barry representing Zeta Tau Alpha Sorority; and her court, Miss Betsy Charles of Delta Zeta Sorority, and Miss Janet Kuhn of Alpha Xi Delta Sorority.

Following the game, the fraternities and sororities entertained their alumni with dinners and teas.

Another annual event of Homecoming is the pushmobile race held on Saturday morning. This year the winning fraternity and sorority trophies were awarded to Alpha Sigma Phi and Zeta Tau Alpha respectively.

The members of Kappa Psi Pharmaceutical Fraternity captured the trophy for the best fraternity house decorations.

The Homecoming dance traditionally concluded the festivities with the music this year provided by the Ohioans.

THE DANCE

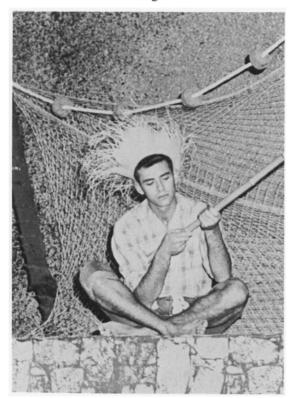

CHORAL CABARET

Now that the 'big moment' has at last arrived, Dr. Roider beams proudly after the big opening number.

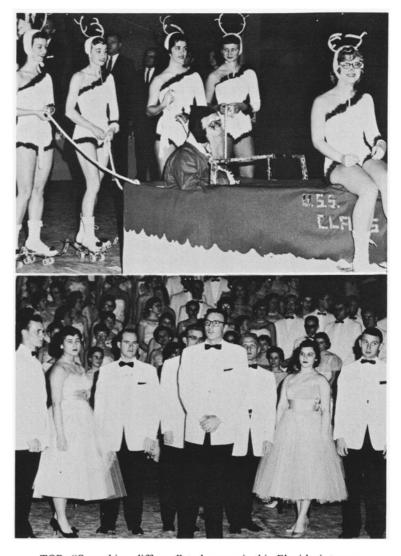

Jeff Chandler takes the choir up literally as they sing "Going Fishing".

The twelfth annual Choral Cabaret, the Ohio Northern University chorus-choir's big Christmas show, was presented under the direction of Dr. Karl A. Roider in Taft Gymnasium on December 4, 1959. The theme for this year was "Florida Holiday," giving the audience a glimpse of what the choir members later observed on their holiday tour to Florida. The choir this year composed of over one hundred members, is the largest choral organization known on the campus.

The dance music for the evening was presented by the Stage Band of Ohio Northern, under the direction of Professor Charles Hill.

The program presented by the choir was similar to previous years in variety, novelty, and color, closing with the traditional "Twas the Night Before Christmas." One of the special arrangements for the evening was a medley of tunes regarding various popular conceptions of Florida at Christmas time.

TOP: "Something different" to be sure is this Florida interpretation of Santa aboard the 'U.S.S. Claus', and his reindeer: Shirley Dustman, Nancy Allen, Joyce Parks, Marilyn Crebs, and Ann Jenkins as "Rudolph". BOTTOM: Bob Evans solos during the choir's interpretation of "Beachtime".

RELIGION IN LIFE WEEK

The main speaker for this year's annual Religion in Life week here at ONU was Dr. Harvey Potthoff, professor of Christian Theology at Iliff School of Theology, Denver, Colorado. Dr. Potthoffs topic for the week was "Religion in the Space Age." During his stay, Dr. Potthoff spoke to numerous organizations and clubs both inside and outside of the campus.

During the week several interfaith forums were conducted before student-faculty groups. Representing the Protestant, Jewish, and Catholic viewpoints were Dr. Potthoff, Mr. Charles W. Washington, head of the Dayton Urban League, Dayton, Ohio, and Rabbi Stephen A. Schafer, Associate Rabbi of the Collingwood Temple, Toledo, Ohio.

Also featured during RILW was Mr. William Stringfellow, a practicing lawyer in East Harlem, New York, and a consultant to the New York State Commission against Discrimination. Mr. Stringfellow spoke before a group of prospective lawyers on "Christianity and Law." He later returned in the spring to address the upperclassmen in chapel.

GREEK SING

Sponsored jointly by the Inter-Fraternity and Pan-Hellenic councils, early March once again marked the time in which the Greeks would compete for the traditional Greek Sing trophies. Among the sorority competition, Zeta Tau Alpha once again emerged victorious for the second consecutive year. For a selected number, they chose Jerome Kern's "Can't Help Lovin' Dat Man"; arranged by chapter member Nancy Allen, and directed by Nancy Johnson. The required number for all three sororities was "June is Bustin' Out All Over," from Carousel. Alpha Xi Delta and Delta Zeta selected "British Children's Prayer," and "Everybody's Got a Home But Me," respectively. The Zeta's were victorious the preceding year with their presentation of "Laura."

ALPHA SIGMA PHI

Under the leadership of Ron Patton, a senior in Music Education, Alpha Sigma Phi was proclaimed the winning fraternity for the 1959 Greek Sing. Warren Lusk, Master of Ceremonies for this event, is also a member of Alpha Sigma Phi Fraternity. For their selected number, the Alpha Sig's chose Gershwin's famed "Summertime" from "Porgy and Bess." All of the fraternities were required to sing the selection "Men of Harlech." The required numbers for both the fraternities and sororities were arranged by Dr. Karl Roider, head of the Music Department. As in the preceding years, the judges who will select the winners are from the surrounding area and chosen by a committee appointed by the Inter-Fraternity and Pan-Hellenic Councils.

Under the 1959 Greek Skit theme "The Comic Strips," the Phi Kaps were successful in capturing the skit trophy for the second consecutive year with their presentation of "Beetle Bailey." Last year in coinciding with the theme "Famous Historical Events," they were awarded the trophy for their interpretation of "The Launching of the First Sputnik." The Phi Kap's were in competition with: Sigma Phi Epsilon; "Little Orphan Annie"; Alpha Sigma Phi, "Buck Rogers"; Sigma Pi, "Peanuts"; Delta Sigma Phi, "Terry and the Pirates"; Kappa Psi, "They'll-Do It Everytime"; and Alpha Epsilon Pi, with "Snuffy Smith."

DELTA ZETA

With a very clever interpretation of "Casper the Ghost," the Delta Zeta's were well in keeping with the Comic Strip theme; and deservingly awarded with the 1959 Greek Skit trophy among the sororities. The other sororities, Alpha Xi Delta and Zeta Tau Alpha presented "Little Abner, and "Blondie," respectively. The skit narrator was Carol Degli, and Pearl Armes had the unique experience of portraying 'Casper.' Unique lighting depicting various silhouettes revealed the numerous difficulties and experiences encountered by Casper as a freshman at ONU. A small chorus singing off stage completed the atmosphere for a very effective skit.

Highlighting the spring social season was the all campus Interfraternity Council Ball, this year conducted under the theme of "Royal Fantasy."

Two bands from Columbus provided continuous music throughout the evening under the titles of "Wild Bill" Graham, and the "Interludes" respectively. "Wild Bill" Graham started the evening off with a bang with his five-piece band, talented in rock-n-roll to progressive jazz. The "Interludes," a five-piece vocal and instrumental group, supplied music more along the 'romantic' line.

The special feature of the evening was the selection of the 1959 IFC Queen from the candidates sponsored by each fraternity. The judges for this event are annually the guest bands who this year selected Miss Joanne Levenson, sponsored by Alpha Epsilon Pi Fraternity.

Joanne is a senior in elementary education at Ohio State University, and a member of Alpha Epsilon Phi Sorority. After her coronation, Joanne took her place upon the throne, to reign as the Interfraternity Council Ball Queen until April, 1960.

A drafty garage, and cold sticky fingers doesn't seem to deter the preparations for "The Three Pigs," and "Little Black Sambo."

The 1959 May Day Queen, Sally Allen, of Alpha Xi Delta Sorority; and King Moe Pfeifer of Alpha Sigma Phi Fraternity, presided over the May Day festivities of float parade, tug-of-war, Sigolympics and the dance.

The other members of the royal court were Lynne Fisher, Junior attendant; Florence Pulca, Sophomore attendant; and Sally Eagle, Freshmen attendant; all of Zeta Tau Alpha Sorority.

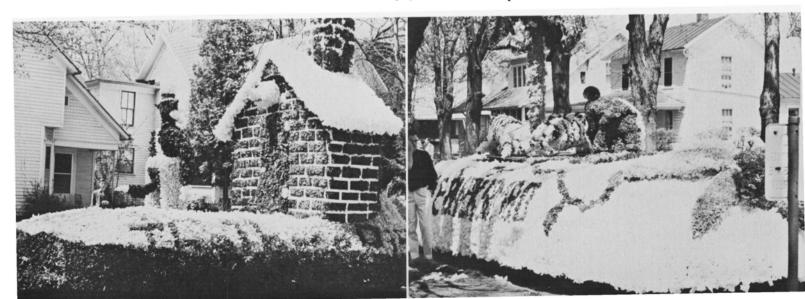

The theme of this year's float parade was "Children's Fairy Tales and Nursery Rhymes." Winners of the float contest were, in the fraternity competition, Phi Mu Delta with "The Three Little Pigs" and, in the sorority competition, Zeta Tau Alpha with "Little Black Sambo."

A large crowd attended the May Day Dance, "Fairyland Fantasy," in Taft Gymnasium to conclude the exhausting day's festivities by dancing all evening to the music of Jimmy Sedler and the Commanders.

The posters are posted, and the campaign is on!

The Winners: Phi Mu Delta's "The Three Piges," and Zeta Tau Alpha's "Little Black Sambo."

Other festivities highlighting May Day were the Sigolympics and tug-of-war in which the sororities and fraternities compete respectively. Comprised of the 'pie-eating' contest and various other athletic events, the Sigolympics concluded with a tie between Zeta Tau Alpha and Delta Zeta Sorority, Two additional events were added to determine the winner, the outcome of which made Zeta Tau Alpha the Sigolympic trophy winners for 1959.

The tug-of-war in which eight fraternities and four independent teams participated was won by Alpha Sigma Phi Fraternity.

STUDENT CENTER

ACTIVITIES ...

A different side of the Student Center as seen from the point of a pool cue.

A typical S.C. table littered with coffee cups, full ashtrays and expressive hands.

Three cokes, one coffee, and a few dubious expressions.

Drinking coffee, getting dates and complaining about classes make up the greater part of a student's life in the Center.

The Student Center is an institution dedicated to the betterment of the social life of Ohio Northern students. It would be impossible to find words to describe "Centertime;" for it is a unique experience all its own.

Food and drink are only minor excuses for being there; for actually friends are acquired, dates planned and campus wide activities formulated.

Although the coffee is not the best in the world and conditions often become congested and noisy, it's still the most popular place on campus for a game of pingpong, pool, or just a good 'bull-session'.

THE FATHER OF ONU ATHLETICS...

THOMAS JEFFERSON SMULL

Whenever ONU old-timers gather to talk about past days or near athletic glory, one tale is bound to be told. It's been told so many times that it comes close to being a legend.

It concerns one Fielding Yost from Michigan, an all-time giant of the sport, who swooped down on the Polar Bear campus in 1904 to steal away team captain Tommy Smull for his national championship team.

The year previous, the rock-muscled; 195-pound, Smull had made a strong impression on the Michigan coach as he repeatedly tumbled Wolverine ball carriers to the turf. Despite Smull's efforts however, Michigan had defeated Ohio Northern 65-0.

Smull is much better known in Ada today as Dr. Thomas Smull, retired professor, Dean Emeritus of the College of Engineering, and former business manager of ONU. He was, however, one of the standout performers of an all time great 1904 team at Michigan which included such standout members of the football hall of fame as Willie Heston and German Schultz.

The most painful victory of the season for young Tom Smull was the one he helped Michigan negotiate over his old ONU teammates, 48-0. When asked how it felt to be playing across the line against his old teammates of the previous football season, Smull related that "no doubt it was a battle of mixed emotions, but he knew his teammates expected him to be tough, and he would try to live up to their expectations."

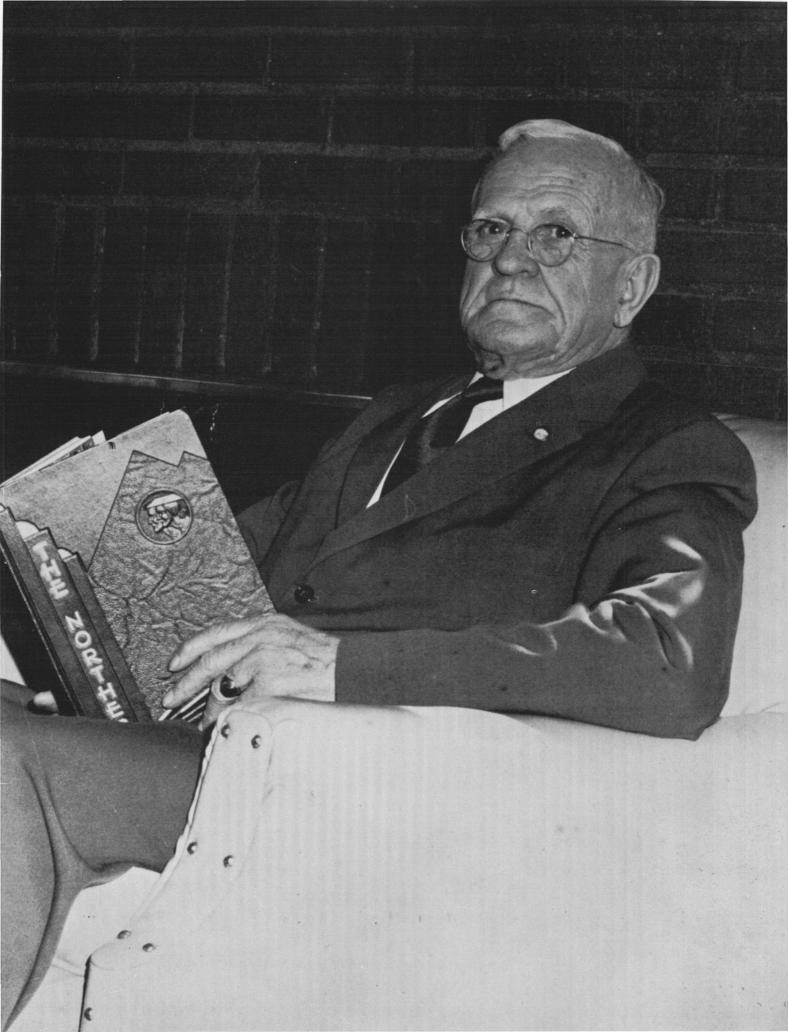

"It was a great football team we had at Ann Arbor that year," Dr. Smull recalls. "I can remember the scores of every game just as if they were played last week."

"We beat Ohio State, 31-6, Case Tech, 33-0, Kalamazoo, 95-0, Physicians and Surgeons College, 72-0, American Medical and Surgery, 72-0, West Virginia, 130-0, Wisconsin, 28-0, Drake, 36-4 and Chicago, 22-12."

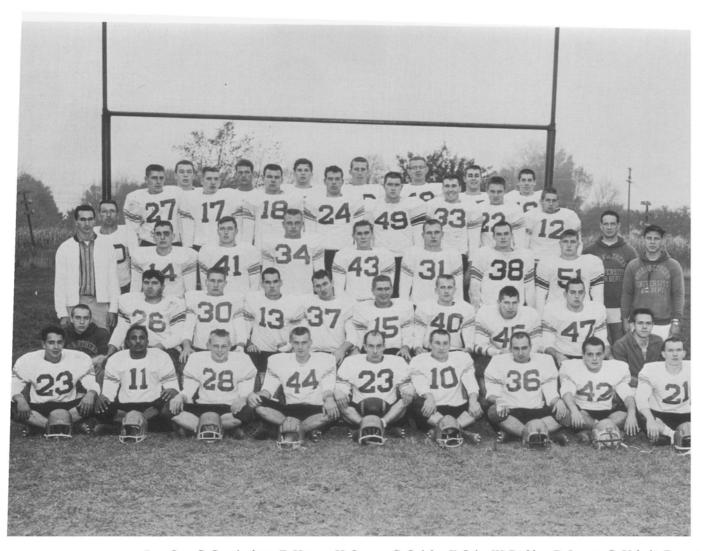

Although Smull played in every game for Yost that year, he never suffered any serious injuries; though he admits the game then was more brute strength than science. "We didn't know anything about the forward pass, the flying wedge and tackle back plays being our main ground gainers."

"There is no comparison he said, "the shoes are about the same, but here the comparison ends. Shoulder pads were sheepskin affairs which failed to absorb the bumps, the soft headgears were of padded leather, shin guards were made of strips of reed, and nose guards were of hard rubber. Our belts had trunk handles attached to the rear with which we pulled the backfield men along behind us."

Both a civic and university leader, Dr. Smull was selected as Ada's Man of the Year in 1958, for which the latter part of his citation reads: "Champion & the students—sole confessor for many . . . a man who has truly gone the second mile, always putting service before self. . " the 1960 Northern salutes you, Thomas Jefferson Smull.

The Northern Polar Bears surpassed last year's record not only in wins and losses but in total defense. The rugged defensive eleven held opponents to a total of 57 points in league play for an average of about eleven points per game. This was a major improvement over last year's record, and the hopes are high that next year's is even better. On the offensive front, Northern's record was somewhat poorer than last years', scoring a total of 49 points for an average of ten points per game. Thanks to the coaching of John Nettleton, and Robert Gobin, the improvement of the Northern squad was a big morale booster to the Northern fans and alumni, most noticeably at the Homecoming game. The coaches look optimistically to next year with a number of the key players returning to the squad.

The Polar Bears opened their conference campaign with a 22-12 loss to Findlay who was slated as the pre-season favorite to win the MOL championship. Clyde Quinby's intercepted pass set up the Oiler's first touchdown. Ron Rahe scored the touchdown on a 38-yard run through the right side of the line. Bill Good crashed the line for the two-point conversion. The first quarter saw plenty of scoring as Findlay scored their second touchdown. twice more in the second quarter, but they were stopped twice within the ONU 20-yard line. The Polar Bears' defense was exceptionally good in the second half as Findlay failed to cross the ONU 43. The Polar Bears scored their second touchdown with about two minutes remaining in the game. Bob Leghart recovered a fumble on the Oiler 39 yard line. Cliff McCormick caught a pass from Strayer for a five yard gain. Three plays later Bob Clady plowed his way for the TD from the 12 yard line.

NORTHERN 0 BLUFFTON 15

Although the Bears exemplified good defense, the offense didn't have much punch as Bluffton edged the Polar Bears 15-0. The game was played in such a terrific downpour that both teams were prevented from playing at their highest potential.

The first half was scoreless as both defenses excelled. Early in the second quarter Herb Strayer booted a quick kick for 60 yards to take the ball out of the danger area. This put the ball in Bluffton's territory where it remained until late in the second quarter.

Bluffton scored their first touchdown early in the third quarter, and the Bears were stopped in their own territory for most of the remainder. They did have one bright spark of hope as Bob Clady intercepted a pass thrown by Joe Urich on the ONU 23 and raced 69 yards to the Bluffton 8. The Bears failed to score on four plays, and Bluffton took the ball.

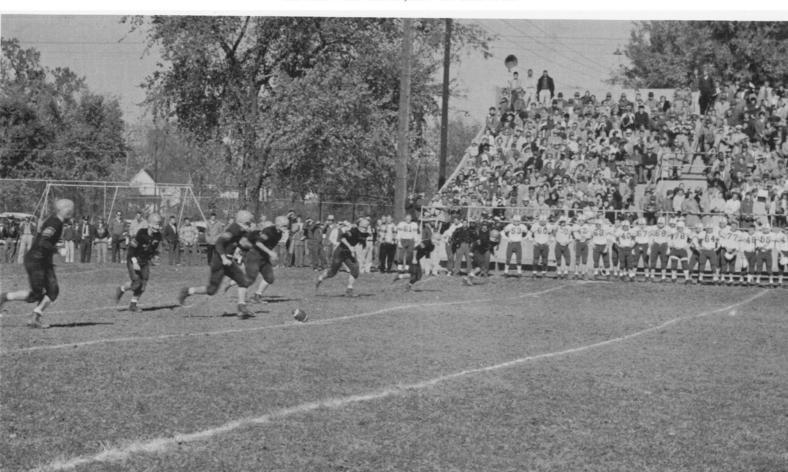

This was the fifty-second game of the series which is the longest in ONU history. Northern has won 41 games, lost 9, and tied 2.

A standing room only crowd of nearly 1500 saw the ONU Polar Bears win their first homecoming game since the 1955 squad defeated Marietta 19-0. By winning their third straight game from Wilmington, Northern increased their lifetime edge over the Quakers to 6 wins and 3 defeats.

The ONU offense had trouble moving the ball early in the game as they had the ball within the Wilmington 25 yard line four times without scoring. Late in the first quarter the Bears finally scored their first touchdown. Clyde Quinby ran around left and from the 36 on a beautiful effort to give the Bears a 6-0 lead.

Jim Deem made a beautiful block of Rick Curran's punt to set up the second ONU touchdown. After recovering the ball on the Wilmington 34, the Bears moved the ball to the one yard line where quarterback Tom Greer pushed himself over for the score.

With 2:30 left in the third quarter, Cliff McCormick scored the third ONU touchdown on a two yard run. This climaxed a 46-yard drive which was highlighted by the fine running of McCormick and Quinby.

NORTHERN 13

The Polar Bears found "joy in Mudville" as they won their second consecutive conference game by defeating Defiance 13-6. The soft center of the rain-baked field, which looked as if it were ready for the planting of winter wheat, hindered the running attack of both teams.

The only score of the first half came with only two minutes remaining. Clyde Quinby put his tractor in high gear to plow his way through the Defiance line for a 69-yard touchdown run. Doyle Foltz kicked the point after.

DEFIANCE

Northern's second TD came in the fourth quarter. Herb Strayer caught a freak pass for the score after two Defiance defenders bobbled the ball. Quinby threw the touchdown pass after he and Doyle Foltz moved the ball from the 37 to the 14. With only 4 minutes remaining in the game a 19-yard pass enabled Defiance to make their only score. The last three minutes of the game were hectic ones as Defiance moved toward the ONU goal line. With little over a minute left, Tom Greer intercepted a pass to insure a "Northern victory."

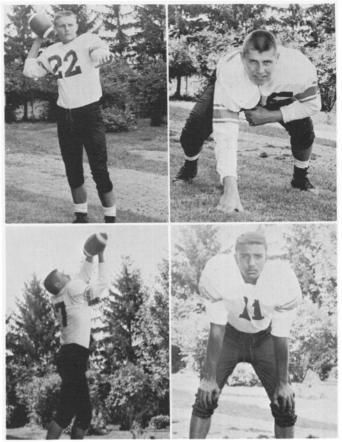

NORTHERN 0 ASHLAND 14

An excellent defensive line gave the Ashland Eagles their best defensive game of the season as they held the Polar Bears to just 40 yards gained in defeating the Bears 14-0. The Bears, who have been haunted all season by foul weather and muddy fields, found both at Redwood Stadium.

The Bear offensive was not very potent as the Bears had the ball about only a quarter of the time. Ashland scored its first touchdown with less than a minute remaining in the first quarter as fullback Ron Payne climaxed a 52-yard march by plunging over from the three.

A strong ONU defense, led by Jim VanDeGrift, kept the Eagles scoreless in the second and third quarters. VanDeGrift has led the team in tackles in four straight games. The strong Bear defense stopped the Eagles inside the twenty yard line seven times.

The second Ashland touchdown came with 12 minutes remaining in the game. Ashland's Kettlewell ran 12 yards around left end for the score. The conversion attempt was stopped by the ONU line.

BEARS IN BASKETBALL

OVERALL RECORD . . . 17 WINS, 8 LOSSES

"A job well done" is indicative of the hustle and determination of Northern's basketball team climaxing its '59-60 season with a smashing 79-73 victory over the Wilmington Quakers. The Bears further exemplified their teamwork by winning the holiday tournament at Baldwin-Wallace, and for the first time qualifying for the NAIA District playoffs.

Coach Marv English looks even more optimistically to next year. Only one player will be lost through graduation, and that loss although a great one, being Jim Ricketts, should be remedied by the addition of certain members of this years 'sparkling' J.V. team. Strong at every position, Northern will easily have the potential to win the championship in '61.

A round of applause deservingly goes to Marv English who coached both the Varsity and J.V. teams on to excellence. "Marv" graduated from Northern in June, 1941, and this year completed his eleventh year of coaching at ONU. Having received his master's degree from Columbia University in 1951, Marv has piloted 'many a team' through a very successful season—the Polar Bears certainly being no exception!

A JOB WELL DONE

CEDARVILLE: The ONU Polar Bears opened up their league campaign by fighting off a stubborn Cedarville 5 to earn an 84-73 win at Taft Gymnasium. Dennis White captured scoring honors for the Polar Bears as he burned the nets for 28 points. Jim Ricketts sank 8 field goals and 2 fouls for 18 points.

BLUFFTON: Jim Ricketts scored 18 points to lead the Polar Bears to a convincing 106-66 victory over Bluffton. Every ONU player scored as the Bears displayed a well balanced attack. Lonnie Norris and Joe Miller scored 13 points each, and Jim Seckman and Dennis White scored 12 and 11 points.

WILMTNGTON: The Quakers 'felt their oats' as they revenged a 24-0 football loss by giving the Polar Bears their first cage loss 79-74. The lofty Wilmington squad took a lead early in the game and were never headed after they grabbed a 40-30 halftime lead. Joe Miller was top man with 26 points.

DEFIANCE: A packed gymnasium witnessed the Polar Bears lose their second conference game in a row as the Yellow Jackets invaded for a 87-73 win to remain undefeated. The Bears began with a 7-2 lead but the Jackets came back to gradually build up a 43-23 lead. 54-56 was as close as the Bears got.

CEDARVILLE: The Bears shook off a two game losing streak Jan. 16, by crushing Cedarville 85-70. This win marks the twentieth time that ONU has beaten Cedarville. Cedarville has not beaten the Bears since the Mid-Ohio league was formed in 1950. Dennis White led the six players with 23 points.

FINDLAY: Ron Holtrey led the Polar Bears to a 99-95 overtime win over Findlay as he scored three baskets in succession in the overtime period, making a total of 23 for the evening. The Bears leading throughout the game had a twenty point lead but had to hold tight as Findlay closed in for the kill. Jim Seckman was second high with 22 points.

ASHLAND: Ron Holtrey found himself a hero for the second time this year in overtime games as he tallied 44 points and grabbed 31 rebounds in this triple overtime thrillers. The Polar Bears emerged victorious with a 123-119 score after the score had been tied 27 times. Holtrey broke two records this night, scoring the most points and field goals.

BLUFFTON: The Bears tuned up for an important clash with Defiance by overpowering Bluffton 87-62. Ron Holtrey was the leading scorer as he netted 20 points, but Lonnie Norris followed closely with 19. The rebounding of Holtrey and White combined with an effective fast break proved too much for the Bluffton Beavers.

ASHLAND: Ashland College revenged Northern's 123-119 triple overtime win by overpowering the Bears 112-83. Northern led in the earlier part of the game but submitted a 14-14 deadlock and never regained the lead. The Bears stayed close for awhile, but fell behind 57-40 at halftime. The Bears did not show good shooting form as they connected on only 29 of 79 shots. The Eagles burned the nets for 47 field goals in 96 tries.

WILMINGTON: Ohio Northern's Bears tacked down their berth in the NAIA tournament at Bluffton by beating the Wilmington Quakers 79-73 in a double overtime at Taft Gymnasium. The Quakers and Bears had 6-4 records going into the game. The score was knotted at 66 all at the end of regulation time—tied eight times in that first half. Joe Miller hit two free throws, White shot two from the field and Holtrey one. Seckman added three free tosses. The visitors were able to collect only three points in that wild climax.

DEFIANCE: Any chance of the Bears winning the MOL died in the second half of the game which Defiance won 76-54. After trailing only 37-36 halftime, the Bears faltered and scored only 18 points in the last 20 minutes. The first half was close all the way. The lead changed hands six times and the score was tied five times. Northern at one time held a 35-29 lead. With 10 minutes to go, however, Defiance held a convincing 60-44 which they didn't lose.

FINDLAY: Findlay College threatened the Polar Bear's chances of finishing second in the MOL with a 76-74 win. The Oilers led by narrow margins during the whole first half, but just before the half ended, they spurted to a 40-32 lead. Early in the second half both teams played even. Findlay's biggest lead was 66-51 with a little less than 10 minutes remaining in the game. At this point the Bears began to catch up with Miller sinking the last basket with one second remaining.

"Up for the ball," Ricketts is far right, (22).

Coach Marv English presents the record breaking plaque to Jim Ricketts.

In the athletic office of Taft Gym a plaque hangs from the wall that bears this inscription: Varsity Basketball; Robert Lee Rupert, 1952-53; all Time Scoring Record; 72 Games, 1,126.

This year Jim Ricketts broke that record with a grand total of 1,176 points.

As a freshman at ONU Rick riot only made the varsity but also led the team in scoring 343 points over a 21 game schedule. His sophomore year was even more successful as he led the team in scoring once again with 356 points in 20 games for a 17.8 per game average. His teammates voted him the most valuable player, and Mid-Ohio coaches placed him on the all-league team.

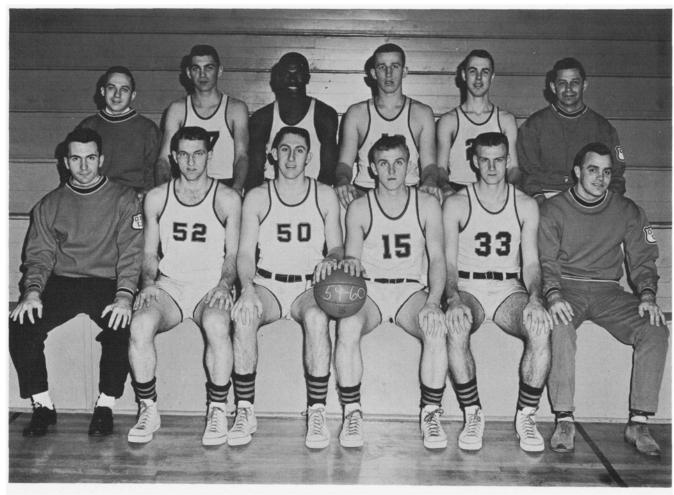

Outstanding in play and character, the 1960 Northern is proud to pay tribute to a great Northern basketball player . . . Jim Ricketts.

J.V.'S SPARKLE WITH UNDEFEATED

LEAGUE SEASON

Coached by Marv English, the rugged, hustling Junior Varsity met and defeated all opponents but one, not a league game, creating one of the best records scored in the history of the University. The J.V.'s literally "ran their opponents off the court," led by freshman, Jim Saunders, who averaged approximately twenty points per game. This terrific finish springs hope eternal for next year's varsity season. The quality of this year's Junior Varsity team was so great that many of the players had opportunity to participate in varsity play.

WRESTLING

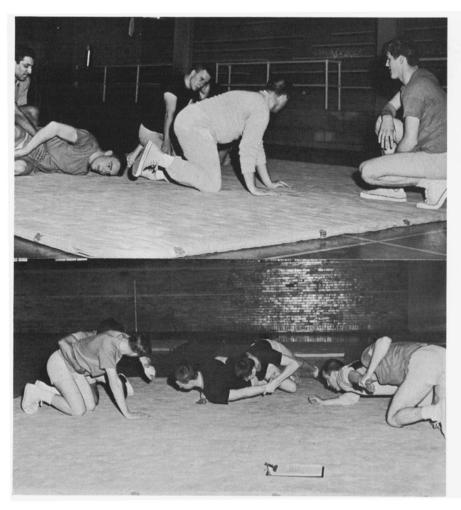

Although the wrestling team failed to win one team match this year, the coach and the wrestlers need no excuses. The team went into the season with the realization that they would lose. The only teams they could schedule, excluding Otterbein, were Findlay, Toledo, and Bowling Green. At these schools wrestling is a big sport.

Northern had prospective wrestlers who had never wrestled before, who didn't know one hold from another. But, nevertheless, they kept with it and showed marked improvement as the season progressed.

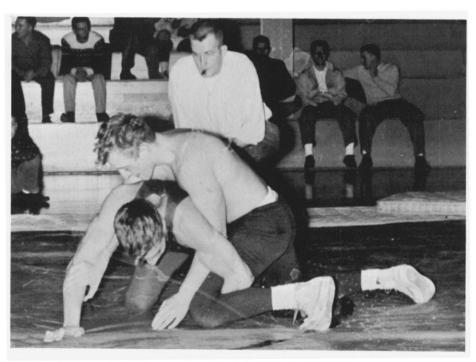

Northern had two good boys this year. Norm Douglas and Bob Harrington always did a good job. Norm finished with a 2-2-2 record while Harrington had a 3-3 record. Douglas was captain and according to Coach Nettleton, the Most Valuable. With a wrestling program that's steadily improving, Northern's chances will improve considerably once it can schedule teams of its own caliber.

Flashing blades and darting pucks could be seen on arena ice during the winter quarter as ONU's icers attempted to polish their form for competition in the Ohio Intercollegiate Hockey Association, formed for colleges willing to support a hockey program.

Aided financially by the university, the club ended the season with no wins and six losses. Pitted against teams like Ohio State, Ohio University and Dayton, the men fought losing battles with an undermanned squad.

The team captain this season was Tim Gnidovec from Cleveland, and the player-coaches were Hazen Deckrosh and Jim Wright, both from Lima. Ted Macejko, president of the club, handled the team's business.

TRACK

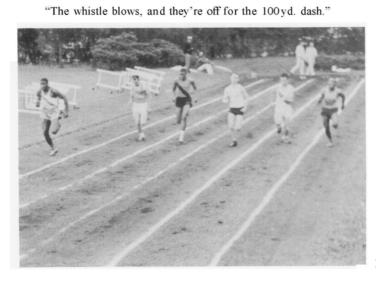

Despite the fact that the Findlay Oilers won the Mid-Ohio conference track and field meet, the Northern Polar Bears justly boast three firsts, two of them new MOL records. The Bears placed fourth in the meet, but would have been third had Bluffton not used an ineligible man.

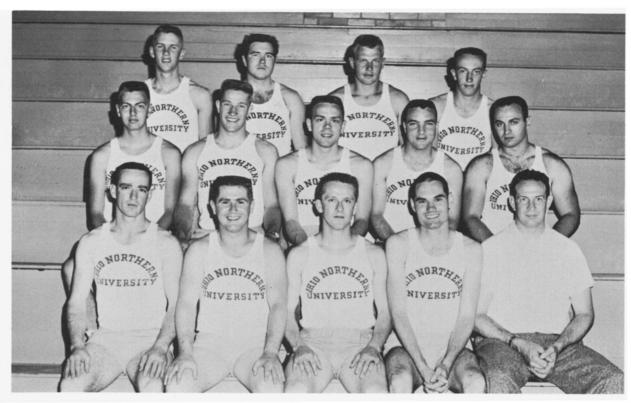

Herb Miller pole-vaulted 12 ft. ½ inch to break the old 11:3 record; Gary Sagerman took four seconds off the record going the mile in 4:40:4, and Dave Stoffer won the 120-yard high hurdles in 16:3.

Sagerman, Miller and Stoffer, by winning Mid-Ohio events, earned the right to compete in the NAIA track and field meet for smaller colleges. Stoffer won the high hurdles and came in second in the NAIA in the highs and third in the lows. Sagerman won the mile run in MOL and was third in the NAIA. Miller, cited by coach Nettleton as most outstanding senior, won the state NAIA pole vault.

BASEBALL IN 1959

BEARS CLOSE WITH 9-3 RECORD

With the entire first team back from last year, the Polar Bears coached by Marv English made an excellent showing during the '59 baseball season. Senior catcher, Carl Fulmer, hit .453 and was unanimous choice for the MOL team last season. The team was also strengthened by Jim Seckman, on first base, who hit a spectacular .512, highest in the league as a freshman last season.

Top rookie candidates were Lonnie Norris, catcher; Freddie Perkins, pitcher; Ron Holtrey, outfielder; and Brian Karrick, third baseman. Rookie left fielder Lonnie Norris finished the season as top hitter with a .357 average. Another freshman, Dave Quilling, was top fielder, playing errorless ball the entire season at third. Dave handled better than 50 chances. A couple of others played errorless ball, but didn't have nearly the number of chances. Big Don O'Black was the top hurler with a 4-1 record and an earned run average of less than two per game.

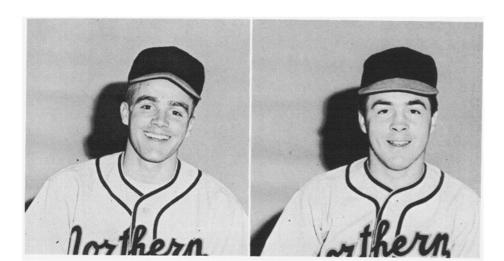

Unfortunately 'Old Jupt Pluvius' clinched a baseball championship of the Mid-Ohio league for Defiance by forcing cancellation of two games with Ohio Northern.

Defiance had nine victories and only one loss—to Bluffton. If Ashland had won two games at Wilmington, and ONU had taken two at Defiance, the race would have been a three-way tie.

ONU had a 7-3 M-O record, a 9-3 for the season. Conference rules set a deadline for final games, regardless of wet grounds.

The two top conference teams, Defiance and Ashland, were eligible for the NAIA playoff in May with Baldwin Wallace and Central State.

Norris led ONU batters for the season with the other players close behind. Deckrosh had 342, Plate 326, Quilling 326, O'Black 315 and Fulmer 313. Seckman batted in the most runs, numbering 10, with O'Black second with 9.

Winners of the 1959 "All-Sports Trophy" — Alpha Sigma Phi Fraternity.

INTRAMURALS

The Intramural program is supervised and planned by John Nettleton. The program consists of two separate leagues: the fraternity and the independent. In the fraternity league, all the fraternities on campus are in competition with one another. The independent league is managed in a similar manner. Playoffs are then held to determine the "all campus winners." In most of the activities, rotating trophies are given to the fraternity champions, the independent champions, and the all campus winners.

Intramural competition includes golf, tennis, horseshoes, football, cross country, volleyball, basketball, badminton, foul shooting, pingpong, track, and softball. Points are awarded in the fraternity league for firsts and runners-up in each sport. The group with the greatest accumulative points at the end of the year is awarded the coveted "All-Sports Trophy."

Commencing with a 'bang,' the Women's Intramural Sports season boasted eight participating teams for the 1960 volleyball competition. Sponsored by the Women's Recreation Association, these intramural tournaments are conducted annually to provide opportunity for competition between any organized groups who express a desire to participate.

These teams are traditionally comprised from Alpha Xi Delta, Delta Zeta and Zeta Tau Alpha Sororities; and the freshmen and independent teams. The teams winning first, second, and third place in the tournaments receive extra W.R.A. points, and the first place winner of each tournament is awarded a cup at the All Sports Banquet in spring.

Featuring fast breaks and zone defense, the 'Bearettes' were led by leading scorer Jewell Moody, who averaged twenty-six points per game. As in volleyball, the team is coached by Mrs. Mozelle Pickering, and will lose Jewell Moody, Mildred Basil, and Betty Cunningham at graduation. The starting line-up featured Jewell Moody, Helen Umphress, and Helen Copeland as forwards; and Rita Molner, Betty Cunningham, and Shirley Strayer as Guards.

Highlighting the season with a bit of variety was the Slumber-Play-Day Party sponsored by the Women's Recreational Association, at which five schools were in attendance. Represented were Ashland, Defiance, Findlay, Central State, and Wittenberg who interchanged team members to play some 'mighty fine' volleyball and basketball games.

With just one game yet to play, the Bearettes hope to conclude the season similar to the manner in which they started it with a victory over Bluffton. The ONU girls now hold a 3-2 record after winning from Ohio Wesleyan and losing to Central State in two non-regular games played on February 12.

Familiar faces under a new name is the Women's Recreational Association, formerly known as the Women's Athletic Association which just recently went state and national. The organization purposes social and recreational enjoyment for the women students, and is affiliated with other colleges and universities for the playing of major sports on a social basis. It is under the jurisdiction of WRA that the women's intramurals are created to consist of sports, both major and minor, to be played and vied, for trophies.

PHYSICAL EDUCATION CLUB

The Physical Education Club was organized on Ohio Northern's campus in 1956. It is composed of both majors and minors in the fields of men's and women's physical education. For mutual benefits toward the University this organization manages the concession stands during athletic contests, and with the proceeds undertakes various projects of interest to its constituents.

As its objectives, the organization endeavors to co-operate with the physical education department in promoting interest in the field, and giving the students "outside the classroom" education and experience.

The instructors within the Department of Physical Education serve as advisors to the club, and it is primarily through their efforts and concern that the Physical Education Club has received the benefit it has, both individually and collectively, on Ohio Northern's campus.

GOVERNING BODIES

Student governing groups at Ohio Northern have been growing in importance and in scope since the college was founded. Governing bodies, which train students as citizens and as leaders, are organized by classes, by living units and by interest areas. They represent their units to the administration and to the student body. As living units, most important for these governing bodies is providing means for undergraduates to assume responsibility, and subsequently to fulfill obligations.

STUDENT COUNCIL

Homecoming, just one of the council's organizing responsibilities.

The Student Council is the primary organ of student government at Ohio Northern. Its purposes are to coordinate activities of student organizations with the university program and to represent the student body in the councils of the university. In addition to these the student council acts as an advisory group to the administration in all student relations. The council is further charged with the responsibility of assisting in the organization of such campus functions as May Day, Homecoming, and Freshman Week. Membership in the Adelphian Society and "Who's Who in American Colleges and Universities" is dependent upon election by the council. The members of the board of governors of the student union and other university councils are appointed by the council.

Dominick, T. Green, T. Raison, C. Cullings, Board Member; Dean Davis, C. Frye, Chairman; J. Clark, P. Miskin, Vice-Chairman.

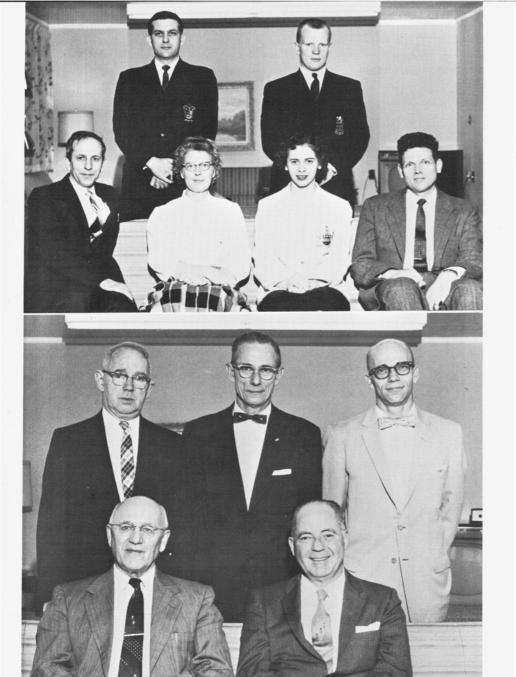

RELIGIOUS COUNCIL

Composed of representatives from Inter-fraternity and Pan-Hellenic Councils, all religious groups, university dorms, local clergymen and faculty, the Religious Council's biggest project for the year is planning Religion in Life Week. The council also this year initiated a "Deaconess Emphasis Week," designed to better inform the faculty and student body of the Deaconesses' relationship to the missionary program of the church. Another important task of the Council is to suggest and help secure chapel speakers.

BOARD OF GOVERNORS

The Board of Governors is the guiding force of the Student Center. Its members are elected by the Student Council, the Dean of Women, the Dean of Men, and the Treasurer of the University.

The Board controls the five-dollar Student Union fee and determines how it is to be distributed. The Board also sets up the rules for the Student Center and acts as a judicial body to impose infringements upon groups or organizations who misuse any of the facilities of the Student Center.

ACTIVITY COUNCIL

Student Activity Council established policies, supervises, and regulates student activities on the ONU Campus. Publications, intramurals, orientation week, Campus Chest, student parking, student discipline, student housing, student health and welfare, and the social calendar are under the general supervision of SAC. The Council also has the responsibility of recommending to the ONU administration budget allotments to all student supported activities. The chairman of the group is the Dean of Students.

ATHLETIC COUNCIL

The Athletic Council, under the chairmanship of Clyde Lamb, is responsible for making athletic awards as well as approving athletic schedules for intercollegiate sports. With the assistance of Professor Bowden, Professor Benedict, Dean Smith, Dean Archer, Dr. Jones and Dr. Markle, the committee also plans and officiates the annual flagpole rush between freshmen and sophomores at Homecoming. In addition to this they supervise the Tug-of-war contest at May Day.

Under the firm guidance of the head residents of the dormitories of Ohio Northern University, the students are helped to achieve success in their college years. In Clark Hall, the freshman girls' dormitory, Mrs. Glesencamp is ablely assisted by Pearl Armes, Joyce Parks, and Linda Rogers. Head resident at Lima Hall for freshman men, Mrs. Mainhart is aided by the able counseling of Harry Lee, Fred Holec, Dick Holback, Fred Perkins, Jim Houghton, John Harbison, and Walter Ermer. These student counselors, who are all upperclassmen, are only part-time disciplinarians. They are always ready to extend a helping hand. Each member represents excellence in campus standards and also enjoys a unique training experience.

INTER-FRATERNITY COUNCIL

The Interfraternity Council or IFC, as it is popularly known, is the governing body behind our eight fraternities here at Ohio Northern. The Council is composed of one representative from each member fraternity and performs many vital functions on campus.

In an attempt to bind the fraternities closer together, IFC settles disagreements and promotes good will in general. The IFC also controls rushing, pledging, and Help Week activities.

Being comprised of eight social organizations, the IFC sponsors a number of combined social activities for the fraternity men. Each year we organize Greek Sing, Greek Skit, and of course, the IFC Ball, to climax our social calendar.

The fraternities also lend their willing support to all campus functions, such as Homecoming decorations, May Day floats, and Campus Chest. The University can point with pride to the fraternities for their good citizenship and all around support. This alone makes us proud to be called fraternity men.

C. Bennett, President; M. Scott, Secretary; L. Fisher, Treasurer; G. Heidrich, M. Keller, J. Kuhn.

PAN-HELLENIC COUNCIL

The Panhellenic Council is the governing body of all three national sororities on campus. It is composed of the president, a panhellenic delegate, and an advisor from each group. Rushings, pledging, and initiations of members are supervised by the council.

The organization attempts to maintain friendly interfraternity relationships, further scholarship and cooperation with the college administration, and acts as a forum for discussion of problems of interest to the sororities. The council acts to coordinate the activities of sorority women with those of the University, Interfraternity Council, and non-sorority women.

Meetings are held regularly under the direction of Mrs. Elma Grant Davis, Associate Dean of Students. Among the activities sponsored by the Panhellenic Council are the scholarship awards quarterly, the Trisorority Formal during spring quarter, queen campaigns for Homecoming and May Day, pushmobile races at Homecoming, float competition and Sig-olympics at May Day, Greek skit, and Greek sing.

Row One: M. Scott, Secretary; M. Mason, Treasurer; C. Bennett, Vice-President; D. Fly, President.

A.W.S. BOARD

The Association of Women Students on the campus of ONU is an organization to promote the spirit of unity and fellowship among the women of the university. The organization is open to all women enrolled at Ohio Northern University. Each class elects a legislative group to represent them on the AWS Board. These women plan the activities of the group for the year. The officers for the year are: Doneta Fly, President; Marilyn Scott, Secretary; Marjory Mason, Treasurer.

This year the AWS Board has provided magazines for the Clark Hall and new girls dormitory. Also, the board bought new vacuum cleaners for each floor of the dormitory. The board is now in the process of setting up a new constitution which will give the women in the dorms more self-government.

HONORARIES

For those students who excel in particular areas or in extra-curricular activities, honorary societies provide the deserved recognition and the opportunity for even greater service to Ohio Northern. The types of honoraries, as they have come to be known, are broad and inclusive. Some are of an all-campus nature, such as the Adelphians for seniors; others are restricted, such as Theta Alpha Phi, for those in dramatics. Some of the honoraries, like Alpha Phi Gamma, hold the distinction of having been founded at Ohio Northern, and later having spread to other campuses throughout the nation.

THETA ALPHA PHI

P. Tanner, President; J. Reuf, Secretary-Treasurer; N. Johnson, Vice-president; J. Uveges, Pledge Master; D. Smith, Advisor.

Founded on Northern's campus in 1921, Theta Alpha Phi, national dramatic fraternity, recognizes those students with dramatic ability who have contributed generously to educational theatre on college campuses.

Technically Theta Alpha Phi is a National Honorary Co-Educational Dramatic Fraternity, and holds alternating regional and national conventions at which students can exchange chapter ideas and gain more knowledge of theatre in general.

Membership in this organization is based upon the point system, whereby a person must obtain two-hundred points to become pledge. To become active it is necessary to have accumulated four hundred points through working on major productions in conjunction with Northern Players.

ALPHA PHI GAMMA

Row One: A. Higgins, Advisor; B. J. Foulkes, President; F. Wickham, Secretary-Treasurer. Row Two: N. Johnson, K. Bowden, W. Stewart, L. Fisher.

Who? What? Where? When? These are the tools of a journalist. Through journalistic activities, Northern students learn the finer points of managing, writing, editing, and publishing.

To recognize those who have done outstanding work in journalistic activities and to promote interest in these activities is the purpose of Alpha Phi Gamma.

As a national journalism fraternity, Alpha Phi Gamma has a certain uniqueness here at ONU inasmuch as it was at Ohio Northern that it had its origin on December 11, 1919, by five staff members of the *Northern Review*.

On April 22, and 23, the Alpha Phi Gamma regional convention was held here at its founding place, the theme evolving around the small town newspaper and its role in today's society.

ALL CAMPUS

ADELPHIANS

Originally having its inception by H. S. Lehr in 1871 as a literary society, the Adelphian Society was refounded in 1955 as a senior honorary. The society was formulated so as to give recognition to students who have given outstanding service and leadership in extra-curricular activities. Originally a literary and social force on the campus for over four decades, the society now endeavors to furnish incentive for greater participation in campus organizations and thus provide more school spirit. These students are an exemplification of the high standards set by the society. Election to this society is by vote of an especially-delegated Student Council committee.

SENIOR HONORARIES

"WHO'S WHO"

This year twenty-four Ohio Northern students were elected to Who's Who Among Students in American Colleges and Universities. Nominations are made through the combined efforts of the administration and the Student Council on the basis of scholarship, participation in extra-curricular activities, and leadership on the college campus. The names of these outstanding students will traditionally appear in the 1959-60 volume of Who's Who Among Students in American Colleges and Universities. This year there are fourteen represented from the College of Liberal Arts; two from the College of Law; five from the College of Pharmacy; and three from the College of Engineering.

NU THETA KAPPA

Nu Theta Kappa, honorary engineering association, was organized at Ohio Northern University in 1915. Since its inception, Nu Theta Kappa has endeavored to confer distinction upon students who have maintained a high scholastic standing, and thus furnish incentive for a higher degree of scholarship, culture, and character.

Required to be in the upper 12½% of the junior class or upper 20% of the senior class, the fraternity emphasizes that distinguished scholarship is not the sole criterion. A man must demonstrate that he is interested not only in himself, but in the welfare of his associates, his organizations and community. This wholehearted effort of giving freely of his best to his school and community makes a man eligible to become a candidate for this honorary fraternity.

PUBLICATIONS

As a mature education institution, Ohio Northern now boasts five student publications. But this was not always the case. In the university's early days, student publications had a rather sporadic existence. Yearbooks and newspapers came and went, the first edition of the yearbook in 1910 being entitled the *Comet*, before becoming stabilized with the *Northern*. Although publications will always be subject to change, they maintain consistency as an integral part of campus life; conveying information, thought, and entertainment via the printed word.

Tucked away in a small office on the second floor of the Student Center is a student organization that is dedicated to recalling memories. This organization consists of the editors and staff members of the *Northern*, who considered 'recalling memories' the *understatement* of the year; this being the 50th edition of the yearbook.

Although plagued by scholastic troubles, lack of time, and a chronic case of "But I've got a test tomorrow," the sectional editors of the staff managed to wade through the typical journalist's nightmare, and come up with a well-organized, if sometimes slightly behind schedule, yearbook. This is accomplished largely through the efforts of advisor, Robert Price, who remains 'amazingly' calm while coping with the editor's 'traditional' problems. To the members of the staff, each page represents their cumulative creative efforts; every passage is a tribute to the lonely vigil of an editor on the eve of the inevitable deadline; each sentence symbolizes time well spent.

Now that it's all over, one feels like one does toward a hitch in the Army—we're glad we had the experience, but we wouldn't give two happy hot-dogs to do it again!

A newspaper is a myriad composite of sounds. Giant presses roaring, typewriters clacking, telephones ringing and the sound of the reporter walking his beat; all are part of disseminating information, thought, and entertainment via the printed word.

On the ONU Campus, this unique position is filled by the *Northern Review*. During the school year, it has become an integral part of campus life. It has not only kept the students informed, it has become the conscience of a student body, searching for new activity on which to expend its energies.

In covering the University scene, the "Review" was capably directed by Karen Bowden. During her editorship, she had the able assistance of Allen W. Higgins, advisor, who devoted a great deal of work into coordinating the efforts of the staff into a solid unit.

"POLARIS"

Polaris, the campus literary magazine, entered its fourth year of publication under Bertram Howard's editorship. Created to furnish an outlet for students' poetry, essays, short stories and plays, the publication endeavors to serve as an incentive to the student's creative ability, and is published twice annually.

George Repas, Ruth Luoma, and Fred Freed served as editorial associates who aided Bert Howard's selection and revision of the students' contributions. Bob Pitts acted as Business Manager, while Larry Sanner and Marilyn VanCise served as layout and promotion managers respectively. The entire staff was ably guided and advised by Miss Frances Bennett, now entering her second year as advisor to the publication.

"THE WRIT" **The Wit** is published quarterly by the Ohio Northern University Junior Bar Association. It was first published during the academic school year 1957-58, and has been published each school quarter since that time.

The primary purpose of **The Writ**, is to keep Ohio Northern's law graduates in contact with the law school and their fellow graduates. **The Writ** reports on the activities of all law school organizations and on the official functions of the law school. During the past year **The Writ** began to report on the activities of the alumni since their graduation. This project required the canvasing of 1500 alumni who have graduated in the law school's seventy-five year history.

The Wit is dispatched to all law school graduates and to every law school in the country.

The *Ampul* is a quarterly journal issued by the student branch of the American Pharmaceutical Association from the College of Pharmacy. The first journal was published in the spring of 1952; Dean Albert C. Smith as its advisor. The purpose of the staff was to present a publication either on a quarterly or semi-annual basis—to be distributed to alumni of the College of Pharmacy and all Pharmacy students. Its purpose then, and still today, is to inform the alumni of new and changing events in the College of Pharmacy; and to keep in contact with past graduates. Each *Ampul* staff strives to publish a journal that will be interesting to all those concerned with Pharmacy.

MUSIC AND DRAMATICS

Ohio Northern provides educational opportunities outside of the classroom, and one of the most important of these is the Music and Dramatics program, featuring both student and professional talent. Both the Music and Dramatics Departments create excellent opportunities for the outlet of student ability in the field of music, dramatics, or both as exemplified in Guys and Dolls. Highlighting these programs is the Artist Series, which bring outstanding artists of various expressions to the auditorium stage.

Some choir members take time out from vocalizing to 'fully appreciate' Cypress Gardens.

Under the directorship of Charles B. Hill, Homecoming marked the first appearance of the ONU Band and their snappy orange and black uniforms traditionally completing the football game atmosphere. Soon afterwards, however, the band settles down to a more serious tone in preparing for their concert series presented at various times throughout the year and climaxed by their annual spring concert. Various band members comprise several well-known groups around the campus exemplified by the "Northmen" who perform at many of the University's social events and most recently, the "Modernettes." Their initial performance, "The Jazz Concert," featured a variety of selections both vocally and instrumentally, which in conjunction with an added dance number received enthusiastic response from those in attendance.

Vocalizing under the baton of Dr. Karl Roider, these ONU songsters commenced their season with a special performance for returning alumni at Homecoming. This offset a series of concerts throughout Ohio; highlighted 'tour-wise' by their trip to Florida on which they were received exceptionally well. The traditional highlight of the academic year was their presentation of the 12th annual Choral Cabaret; this year conducted under the theme of "Florida Holiday" and illuminating the choir's impressions of Florida at Christmas time. In addition to the choir's numerous engagements, they are also present at all chapel programs at which they weekly present sacred selections. This rather 'fatiguing schedule' is climaxed with a final performance at Commencement exercises in June.

The Beaux Arts Trio

ARTIST SERIES

An evening of chamber music introduced the 1959-60 Ohio Northern Artist Series on October 19, when The Beaux Arts Trio of New York performed in Lehr Auditorium. The Trio, in addition to receiving warm welcomes from their audiences throughout the Americas and Europe, have been rated by many of music's strictest critics as the finest trio in existence. The talented group consisted of violinist Daniel Guilet, celloist Bernard Greenhouse and pianist Menahem Pressler. Together, their program of impeccable taste and musicianship consisted of selections from Beethoven, Ravel, Mendelssohn and Robert Casadesus.

Comprising the second of the Artist Series was Miss Rosalind Nadell, well known mezzo-soprano. A winner of the Marian Anderson award, Miss Nadell has also been heard in leading roles with the Philadelphia, Chicago, New Orleans, Fort Worth, Central City, San Francisco and New York City opera companies, as well as appearing as soloist with the major orchestras of Philadelphia, Rochester, Duluth and Indianapolis. In presenting a program that was most entertaining, Miss Nadell was enthusiastically received by those attending.

Ohio Northern also had the privilege of honoring the appearance of the outstanding piano-violin duo, Noel Lee and Paul Makanowitsky. The evening's performance which consisted of movements from Beethoven, Stravinsky and Faure, was delightfully beautiful and very impressing. Mr. Lee and Mr. Makanowitsky also played "Dialogues" which was written by the former in 1958. Born in China and graduated from Harvard University, Noel Lee is the adopted son of Doctor Charles O. Lee of Ohio Northern's College of Pharmacy.

Dolan, Bob Thompson, proudly presents his "shore trophy" to Mr. Roberts, Doyle Smith, while the crew, Mike Bender and Tom Green, lament their inadequacy.

"MR. ROBERTS"

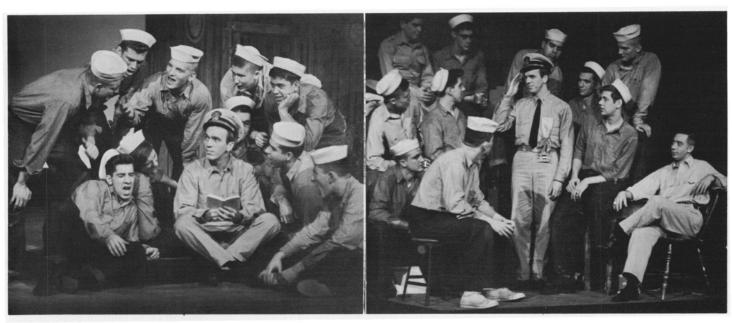

"She'll never know the difference," cries Ensign Pulver, Clair Myers, as he thanks Doc., Phil Tanner, and Mr. Roberts, Doyle Smith, for the alcohol, iodine, and Kremel Hair-tonic, *i.e.* scotch.

A naval saga, "Mr. Roberts," was the first production enacted by the Northern Players for the academic year. Tradition for the last few years changed somewhat, when competent ONU director, Doyle Smith, took the stage as Mr. Roberts. Roberts, a sailor who continually longs for a combat assignment is denied authorization for transfer by his 'hard-bitten' captain, Nathan Miller, who hates college men like Roberts and mercilessly drives his crew in the hope of getting a promotion for himself. Also, highlighting the cast are Phil Tanner, and Clair Myers who portray Robert's good friends Doc and Ensign Pulver, respectively. Supporting roles of Dowey, Dolan, Insignia and Mannion, are ably portrayed by Bob Puzynski, Bob Thompson, Charles Kimmel, and Mike Bender who spark the show with hilarity while revealing the comradeship and tension of naval life at sea.

"Never mind the Palm Trees, are there women on this island?"

"This is the greatest thing that's ever happened to me fellows; thanks," salutes Mr. Roberts as he leaves the ship and its crew.

The Save-a-Soul Mission group try their hand at converting some "Broadway sinners" to "Follow the Fold."

"GUYS AND DOLLS"

SPRING PRODUCTION

Applause "literally" rocked the rafters after the climatic finale of "Guys and Dolls" in Lehr Auditorium. This Northern Players production which ran for three nights played to a near-capacity house each night, breaking all attendance records.

Forty-five members of the student body and faculty at ONU united to bring a like number of Damon Runyon's wackiest characters to life on the campus stage with their presentation of the prize-winning musical comedy "Guys and Dolls" as their spring quarter production for 1959.

Highlighting the performance were Charles Wehrer as Nathan Detroit, a big time gambler running a floating crap game in New York City; and Sally Smith as Miss Adelaide, renowned 'hot box girl' and hopeful lover of Nathan for the past 14 years.

Also highlighting the production was Marlene Allen as Sarah Brown, the head of Save-a-Soul Mission. Sarah's endeavor was to convert Broadway's big-time gamblers, which soon became concentrated on one Sky Masterson, portrayed by Ron Patton.

Miss Adelaide and her "hot boxers" about steal the show with "Take Back Your Mink." The hot boxers from left to right are: J. Dysert, D. Wilson, J. Moody, J. Cramer, J. Parks, S. Spencer, A. Jenkins, and Sally Smith as 'Miss Adelaide'.

Sarah Brown, Marlene Allen, finds her Havana Holiday "surprisingly enjoyable" with Sky Masterson, Ron Patton, a notorious crapshooter. Quite a change indeed, for an innocent Salvation Army girl head of "Save-a-Soul Mission."

Irony prevails here as Nathan Detroit and his crapshooters pause to "Thank the Lord" in *Sit Down You've Rockin' The Boat.* Rusty Charlie, Harold Smith, leads the group in this "revival number," while Nathan, Charles Wehrer, background right; appears to be rather repentant for having moved his "floating crap game" into the Save-a-Soul Mission while Miss Sarah was in Havana.

NORTHERN PLAYERS

"No fake smiles for this camera." The trophy winners are Jack Moore and Phil Tanner for 'best actor,' Don Funk for the most 'valuable contribution'; and Doyle? Well the trophy may be a bit small, but he's the 'best director.'

As the dramatic organization on campus, Northern Players endeavors to offer extensive opportunities in this field to any student who is academically qualified and who has an interest in theater arts of any form.

Their program is varied so as to offer beneficial experience to everyone, and is highlighted by three major productions, given fall, winter and spring quarter. In addition to this, the Players also conduct several minor productions in the lab theater.

Each spring quarter, to climax the theater season, Northern Players sponsors a banquet at which awards are presented to those who have proved most deserving throughout the year, both dramatically and technically.

Working in conjunction with Theta Alpha Phi, honorary dramatic fraternity, Northern Players provides an opportunity to earn the necessary merit to achieve this honor.

PROFESSIONAL ORGANIZATIONS

An important part of a student's educational experience is his participation in professional organizations which are of interest to him. The variety of these groups open to the student include those which deal with an academic subject, or a hobby interest. Most of the organizations hold business meetings featuring guests who are prominent in their respective fields.

AMERICAN SOCIETY OF

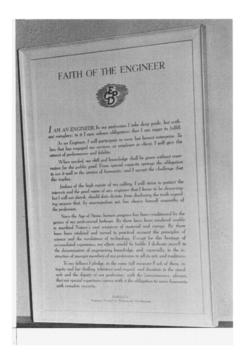

The Ohio Northern Student Chapter of the American Society of Civil Engineers provides the student members with an opportunity to become familiar with the Civil Engineering profession and practices. In addition to this the organization strives to provide opportunity for all the members of the civil engineering department to become acquainted, promotes a spirit of congeniality, and provides topics of interest to civil engineering students.

Technical progress in the field of civil engineering is provided by guest speakers invited to speak before the group on topics of direct concern to them.

The chapter's activities include Engineers' Week, field trips, and participation in the North Central Conference of A.S.C.E. student chapters at the University of Dayton.

ENGINEERING

The Ohio Northern student branch of the American Institute of Electrical Engineering was founded at Ohio Northern in 1912. It is the oldest branch of a national technical society on campus and the first AIEE branch in Ohio. In 1957 the AIEE branch affiliated with the IRE, a national organization of Radio Engineers, to form a joint AIEE-IRE student branch.

The object of the societies is to advance the theory and practice of electrical engineering, of the allied arts and sciences, and the maintenance of a professional standing among its members. The societies bring the students together to discuss problems of mutual interest in their chosen field, giving the student an insight into the practical field of electrical engineering. At meetings, technical reports are given, and movies and slides are shown, which supplement what is offered in the regular curriculum.

A.S.M.E.

The Ohio Northern Student Section of the American Society of Mechanical Engineers was originally chartered in 1922 and, with the exception of a brief interval, has been active on campus since that time.

The purpose of the society is to create a professional awareness and fellowship among engineering students, and to promote the knowledge and practice of Mechanical Engineering. Monthly meetings are held in which technical reports by guest speakers from industry are presented in order to supplement the material offered in the regular curriculum. In addition to the monthly meetings the members participate in industrial inspection trips, attend meetings of the Toledo Section of the American Society of Mechanical Engineers, share in the preparation and presentation of the program for National Engineers' Week, and present technical reports at the annual regional conference of the American Society of Mechanical Engineers.

The Ohio Northern Engineers Speakers Association has been an active organization since the spring of 1935.

The belief that a good manner of speaking can be accomplished by practice is shared by the members. By delivering both prepared and extemporaneous speeches, the members learn to present their ideas to an audience. A critical analysis by the other members enables the speaker to correct any errors and improve his delivery. The final goal of the organization is to prepare the members for any speaking situation that may arise and allow the future engineer to communicate fluently with his fellow members in society.

This emphasis illuminates the fact that the ability to adequately convey ideas, and express oneself are as vital to the engineer as his slide rule and math tables.

OHIO SOCIETY OF PROFESSIONAL

ENGINEERS

'Drawing', a course required of all prospective engineers.

The Student Chapter of the Ohio Society of Professional Engineers embraces all departments of the College of Engineering. The purpose of this organization is to stimulate professional thinking among all engineering students through social contacts, fellowship, and co-operation; to promote interest and understanding; and maintain the ideals of the engineering profession.

Speakers, movies, and discussions in the monthly meetings deal with the professional standards, code of ethics, and the individual's place in the advancement of the profession.

The Chapter takes an active part in National Engineers' Week and is represented in the O.S.P.E. Student Council.

LIBERAL ARTS

The purpose of the Ohio Northern Psychological **Asso**ciation is to provide further insight into the field of psychology for those students interested in the subject. This year, the organization has been directed by Professor L. Allan Barker. Membership in the association is open to all students of the University.

The aims of the organization are many: first to provide a group to which students interested in psychology may refer for the pursuit of extra-curricular activities in the field and secure the cooperation of authorities not connected with Ohio Northern, and to promote psychological research at the University.

O.N.I.A.C.

The Ohio Northern Industrial Arts Club was organized in 1948 for all students majoring or minoring in the field of Industrial Arts Education, and for those who plan to enter Industrial supervision. The purposes set forth in the constitution of the club embodies the promotion of wide exchange of ideas and opinions, and hearing outside speakers.

Group meetings are held on the first Wednesday of each month of the academic school year. The meetings serve to unite the **25** members along with Professor Kain and Mr. Bowling for the purpose of the Industrial Arts Field. Toward the end of the academic school year the club takes an excursion to an industrial center and tour various large manufacturing concerns where fabrication and mass production processes of products are observed. Suggested tour areas are Chicago, Detroit, Pittsburgh and Gary.

Advisors and 'newly elected' officers pause for a smile.

The John Davidson Chapter of the Student Education Association was founded here on campus on November 17, 1941.

The SEA is the basic unit professional organization for college or university students preparing to teach. Membership in SEA helps the prospective teacher become acquainted with professional journals and prepares the student to actively participate in the teaching profession, while obtaining some specific suggestions concerning how to deal with problems related to classroom experience.

This year, a *Newsletter* made its first appearance and tentative plans for a constitution were completed and discussed.

PHI BETA LAMBDA

Phi Beta Lambda has a recent beginning on Northern's campus. We became a chapter of the national business fraternity in 1960. Previous to this time, the business club had been known as the Future Business Leaders of America, organized in 1949.

The fraternity strives to provide additional insight in business operations to students of business administration and education. To facilitate this endeavor most meetings are highlighted by a guest speaker, engaged in some form of business, who addresses the group on topics of direct concern to them. Periodical field trips are also of benefit, individually planned by the organization.

AMERICAN CHEMICAL SOCIETY

The members get some 'first hand' advice on their field trip to the Sohio Co.

The ONU Chapter of the Student Affiliates of the American Chemical Society was founded in 1954. Any undergraduate enrolled in a course leading to a degree in chemistry or chemical engineering is eligible.

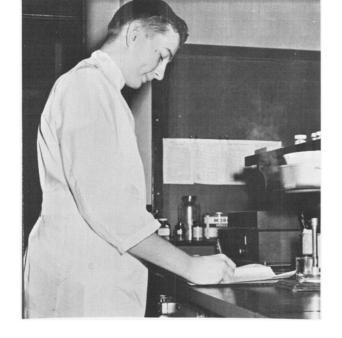

Chapters of affiliates provide a chance to start such things as analyzing technical information, preparing it for publication or presentation. and expressing it effectively to a group of associates. Members also have an opportunity to hear speakers discuss various topics at meetings. Speakers are faculty members from Ohio Northern and surrounding universities, and representatives of the chemical industry. The chapter also sponsors field trips to points of interest. One such trip was to the Sohio Company.

New to the professional organizations in the Liberal Arts College, is the student chapter, technically number 301, of the Music Education National Conference. Under the advisorship of Dr. Karl Roider, this organization efficiently supervises the Choral Cabaret, as well as numerous student festivals in the high schools of the surrounding area. The individual members exemplify their versatility in numerous musical capacities by all belonging to the choir, the majority to the stage band, some serving as student soloists and accompanists for campus organizations; others directing dance bands off campus, church choirs in Lima, and serving as church organists. This then is strongly indicative of the honor the group bestows upon its membership as it continually strives to recognize those in the field of music, for both individual and professional benefit.

PHARMACY

Organized on Northern's campus in 1949, the American Pharmaceutical Association offers membership to all pharmacy and pre-pharmacy students interested in obtaining further knowledge in the practical and professional aspects of their chosen profession. Monthly meetings feature distinguished speakers from the State Board of Pharmacy, our own faculty and other notables in this field. Activity-wise, A.Ph.A. recently organized a basketball team, publishes the *Ampul* quarterly, and sponsors an annual student banquet in May.

The Theta Alpha Chapter of Alpha Zeta Omega was established on the campus of Ohio Northern University in 1954. Nationally, AZO was founded at the Philadelphia College of Pharmacy on December 19, 1919, and today consists of twenty-six chapters.

Since its inception, Alpha Zeta Omega has conducted professional meetings throughout the year to which faculty and students of the University are welcome. One highlight for the social year will be a testimonial dinner for a professor in pharmacy who has given much enthusiasm and help to the college and to the pharmacy profession. Also, in conjunction with the American Pharmaceutical Association, Alpha Zeta Omega sponsored a program entitled 'Spotlight on Hospital Pharmacy' featuring Jeanne Sickafoose of Aultman Hospital in Canton, Ohio.

The Psi Chapter of Kappa Epsilon National Fraternity for women of pharmacy was founded at Ohio Northern University on December **4**, 1957. Presently the chapter boasts a membership of twenty-five.

Nationally, Kappa Epsilon was founded at the University of Iowa, with representatives from the Universities of Minnesota and Nebraska on May 13, 1921.

The primary purpose of this professional fraternity is to bind together the women students of pharmacy and to further the ethics of the pharmacy profession.

This past summer Ann Marie James and Deanne Wilson represented Psi Chapter at the national convention held in Minneapolis.

Much of the success of Kappa Epsilon on campus can be accorded to the efforts and concern of our advisor, Dr. Anna Koffler.

To advance the science of pharmacy and its allied interests and to foster and promote a fraternal spirit among its members is the prime purpose of Phi Delta Chi.

The Alpha Upsilon Chapter was recognized at the Ohio Northern University campus on March 2, 1955, and is one of the youngest chapters affiliated with the Phi Delta Chi Fraternity, which was founded in 1883 at the University of Michigan. Today, there are 39 active chapters in the Phi Delta Chi Fraternity with a total membership of over 15,500 brothers. Each year the Alpha Upsilon Chapter gives the Scholastic Achievement Award to that student in the school of pharmacy who shows the greatest improvement in his point average. Located in the Dukes Building is a showcase housing professional displays which are changed every month or so. Movies of interest to pharmacy students are sponsored by the fraternity.

The Junior Bar Association is a professional organization comprised of all of the students of the School of Law. Organized on campus in 1933, and a member of the American Law Students Association since 1953, it has served to further the professional training of its members.

In its lighter, but no less important moments, the Junior Bar has not neglected the social scene. Among other things, the Barrister's Ball and the Spring Banquet provided respite from the many weary hours of study.

The Marshall Senate of Delta Theta Phi is now in its 50th year on the campus of Ohio Northern University. During that period of time, the fraternity has devoted itself to a high degree of scholastic and social activity.

This year has been no exception. Again this year the Delta Theta's have been well represented on Student Council and other governing bodies on campus.

On the social scene, the fraternity has also been very active. The annual rush party was held again this fall, in addition to a party given for prospective pledges and their wives. Several initiation parties were given throughout the year as well as the various socials held each quarter.

The Omicron Chapter was organized by fourteen eager students thirty-seven years ago. Many world events have intervened, but the Si Deke's now have thirty-one pledges and actives on the Northern Campus.

The local Chapter has been active in furthering both high scholastic standards and social relations among its members. The prime purpose is to better prepare its members for their chosen profession, to broaden the horizons of that profession, and to promote the elements; cooperation, responsibility, and good fellowship; never forgetting that the practice of law is based on the adversary system.

LES ADVOCATES

Les Advocates is an organization of law students dedicated to increasing and perfecting their forensic skills. The group meets bi-monthly to debate interrogatories presented by the judicial committee.

Lincoln Chapter of Les Advocates was founded at Ohio Northern University in 1911 and is one of the 47 chapters spread throughout the United States and Canada.

The objectives of this organization are to recognize men of outstanding ability in intercollegiate debating and high scholarship, and through this select recognition to encourage others to gain training and experience in public speaking. Scholarship, character, personality, and promise of future professional ability are all prerequisites for membership.

This year's success was climaxed when the organization retired the coveted Cardozo trophies, the most outstanding award given in the field of legal debate.

"Three years ago, several wives of the law students decided that they would like to become better acquainted with each other; which eventually led to the formation of the 'Barristers' Wives.' Having had no formal organization in its beginnings, the group has gradually expanded to the extent that it now necessitates regular monthly meetings. The group, however, still maintains an informal and friendly atmosphere through meeting at one another's homes.

Although the Barristers' Wives still maintain their original goal of providing an opportunity to meet informally and become better acquainted with one another, they specialize in providing service to the Law School. Presenting the school with a decorated Christmas tree and serving refreshments at the Law School lectures are just a few of these services.

The officers for the ensuing year are Judy Moreland, Freshman Class Chairman; Emmy Lou Morrocco and Marlene Rengert, Junior Class Chairman; Carol Spiker, Senior Class Chairman; and Joan Lynne, Treasurer.

CAMPUS WIVES

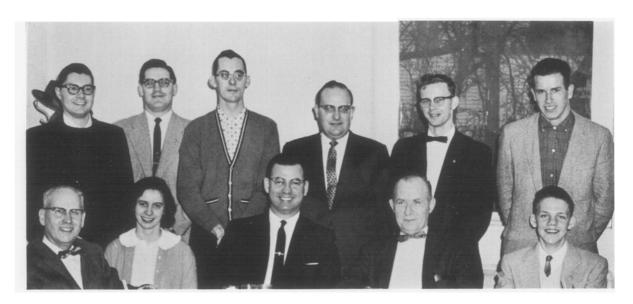

In 1945, a club known as the Married Couples Club was formed. Later the Club reorganized as the Campus Wives club and met twice each month. From this time until 1950, the club did not have many activities due to the small number of members. Bake sales and 'Stanley Parties' were the extent of their activities. Since this time, the club now meets monthly and has approximately fifty active members. In 1950, a style show was added as an activity of the year. In 1954, the first dinner party was held in honor of our husbands. The dinner includes a banquet, dance and a program acknowledging our members and their husbands graduating that year with the presentation of a diploma to the wife.

RELIGIOUS GROUPS

Students at Ohio Northern have always participated in religious activities, even in the bustle of other interests. From their early beginnings, religious organizations have expanded to include almost every denomination which is represented in the student body. These groups plan a host of activities for their members, as exemplified by the Newman Club and Wesley Fellowship who each sponsor some type of social program along with their religious services.

Upper Room Fellowship is open to all those who feel an exuberance or an outlet to Christian relations, or feel the need of Christian fellowship in a group. This fellowship consists mainly of pre-theology students and those entering full-time Christian service, but welcomes anyone who wishes to participate in the activities. These activities center around a monthly evening meeting at which there is usually some noted speaker from outside the immediate group who relates his or her Christian experiences. The meetings also consist of song, prayer, and a short message by the chaplain, ever striving however, to encourage spontaneity from the group.

Two of the earliest Protestant student religious groups to organize on this ONU campus were the Y.M.C.A. and Y.W.C.A. Both were established in the autumn of 1881. These associations conducted prayer-meetings on Tuesday nights for the women and men separately in classrooms. They carried on a number of home and foreign missionary projects as well as cultivating the devotional life of their members. These two groups carried on much of the work among Protestant students at ONU for 63 years.

In 1944, the Y.M.C.A. and Y.W.C.A. programs were combined and named the Student Christian Association. This co-ed group met bi-weekly and carried on most of the work formerly done by the YW and YM Associations. The SCA organization was abandoned in 1950, because of the duplication of programs carried on by the local Methodist Church. The Wesley Fellowship has carried the program for Methodist students since 1950. Emphasizing variety in co-ordinating their programs; Church in Russia, Liturgical Jazz Worship Service, A Psychiatrist Looks at Religion and pictorial visits to Methodist Shrines in America are just a few of the programs offered by the fellowship.

KNOX CLUB

The Knox Club, named by the students after the protestant pioneer and founder of the Presbyterian Church, John Knox, is a co-ed group, founded at the Ada Presbyterian Church to meet the needs of the college age group.

This group has sponsored such special activities as the freshman week dinner, chapel services, dances, and skating parties. A regular item on the agenda and a special attraction to those enjoying good food with a personal touch is the Sunday Evening Dinner, which is prepared by the students in the kitchen.

The Sunday evening program generally consists of a supper, a ten minute devotional service, a discussion and planned recreation. The devotional service is composed and conducted by members of the group. The discussions cover a wide variety of topics of current interest to the group, are conducted as informal discussions by noted authorities or by the students themselves.

The Knox Club membership is open to co-eds, student nurses, students and young adults from the community.

The Newman Club, one of Northern's oldest campus organizations, was established in 1915. It offers an opportunity for Catholic students to receive college level instructions, not only in their faith but also in current affairs.

The meetings are held every two weeks and are comprised of a guest speaker followed by a social gathering. Newman Club began the year with a picnic during Freshman Week to greet all new students. One of the outstanding events of the year was the annual retreat during spring quarter. This provides one of the closest links between the students and the church. The year was climaxed by a Newman Club banquet.

During the year the club organized football, volleyball, and basketball teams which participated in the independent league.

Father Francis Schweitzer, pastor of Our Lady of Lourdes parish, is advisor for the organization.

Bonjour, guten morgen, buenas dias senoras y senvos, good day and welcome, are the greetings extended from the International Club to all students. This club was founded to promote understanding in the field of foreign affairs, especially among foreign and American students on campus. Membership is open to all students, faculty members, and persons connected with Ohio Northern who are interested in the objectives of the organization. Professor Abele, faculty advisor, stresses the fact the club is open to all students, not just those who are from other countries. Meetings are held the first and third Sunday of every month. Special lectures are given by guest speakers. This year Dean Oscar Darlington gave a speech on South America. The individual members of the club are invited to speak on their countries at church groups and clubs in the area. Many of our faculty members are active in the club and contribute their talents to make the meetings more enjoyable. Some of the countries represented in the club are: Korea, Pakistan, India, Greece, Venezuela, Peru, Japan, Indonesia, Nicaragua, and the United States.

IN RETROSPECT

NOISY confusion in the yearbook office has now about ended; the click of the typewriters has died down and the production graphs have met the 100per cent line. As I sit here in the office, I consider the many long hours that the staff has put in—all closely knit in the midst of a "panic" session—rushingto finish the book on time. I laugh somewhat when I think of the 'mass chaos' resulting from a "few" unidentified pictures, overdue copy, and missed deadlines; but the exhortations of the editors are not in vain. Another *Northern* makes its debut.

I wish to thank Professor Robert Price for his patience and guidance for the editorial staff, and Merl Thomas for making the business end come out in the black.

Then too, there is Clyde Lamb, producing needed pictures no matter how tight the 'squeeze'; Mr. Schertzer and alumni assistants giving generously of information for our 50th edition; and the much appreciated co-operation of Thad Gardner, *Kenton Times;* Gene Perine, *Lima Citizen;* and the *Lima News* Sports Editor. Thanks are also in order for Crawford Cox who contributed some excellent Homecoming pictures.

It is impossible to thank every one personally, but I wish to thank every one who played a part in producing the 1960 *Northern*; you the student for your co-operation, and you the reader for your approval.

» Where Artist and Craftsman Meet «

At Keller the eye of the artist and the hand of the craftsman meet to solve problems—just one of the things that make the distinctive difference in a Velvatone yearbook.
